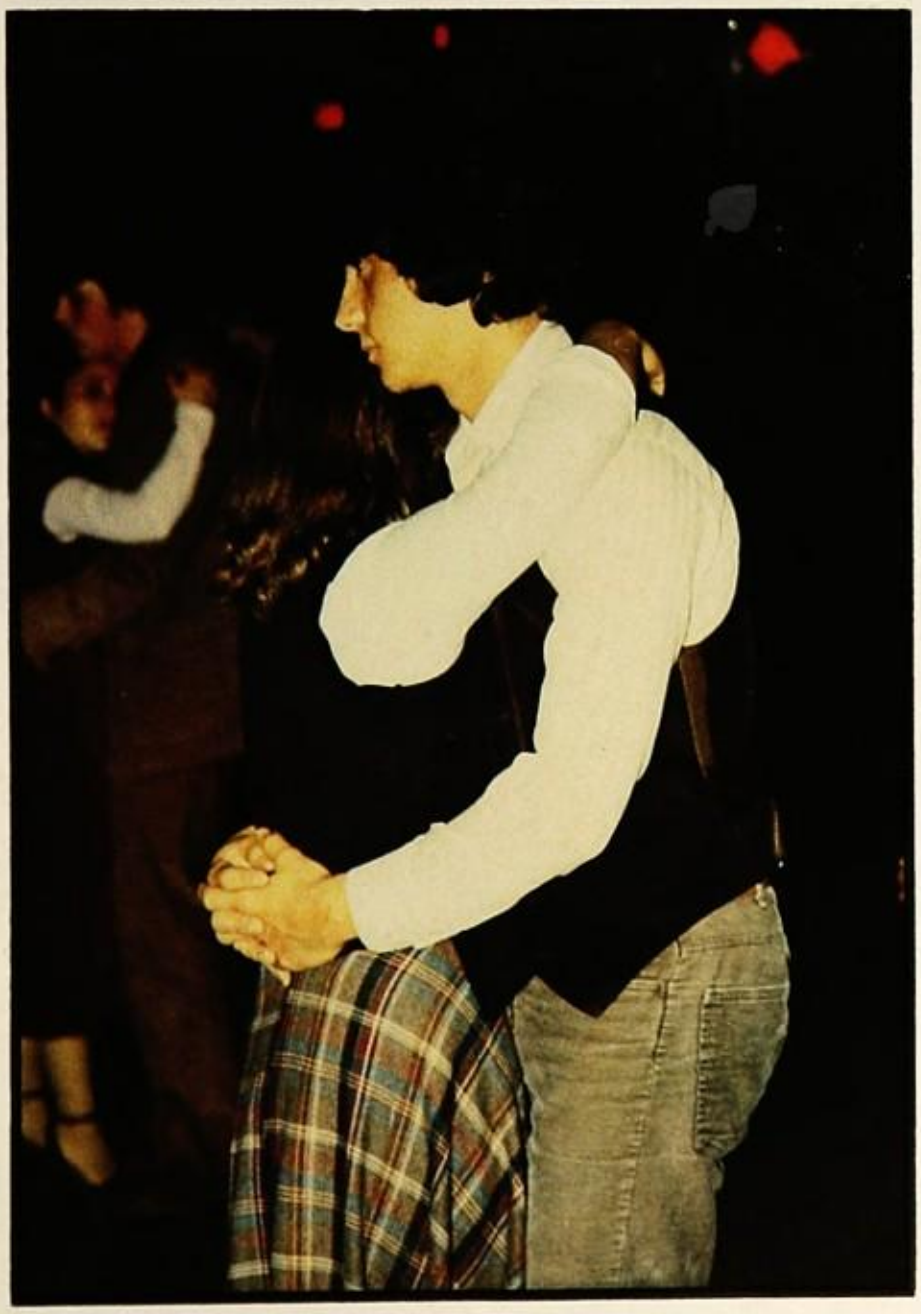
GOOD-BYE TO . . .

Chronicle

Southington High School
Southington, Connecticut

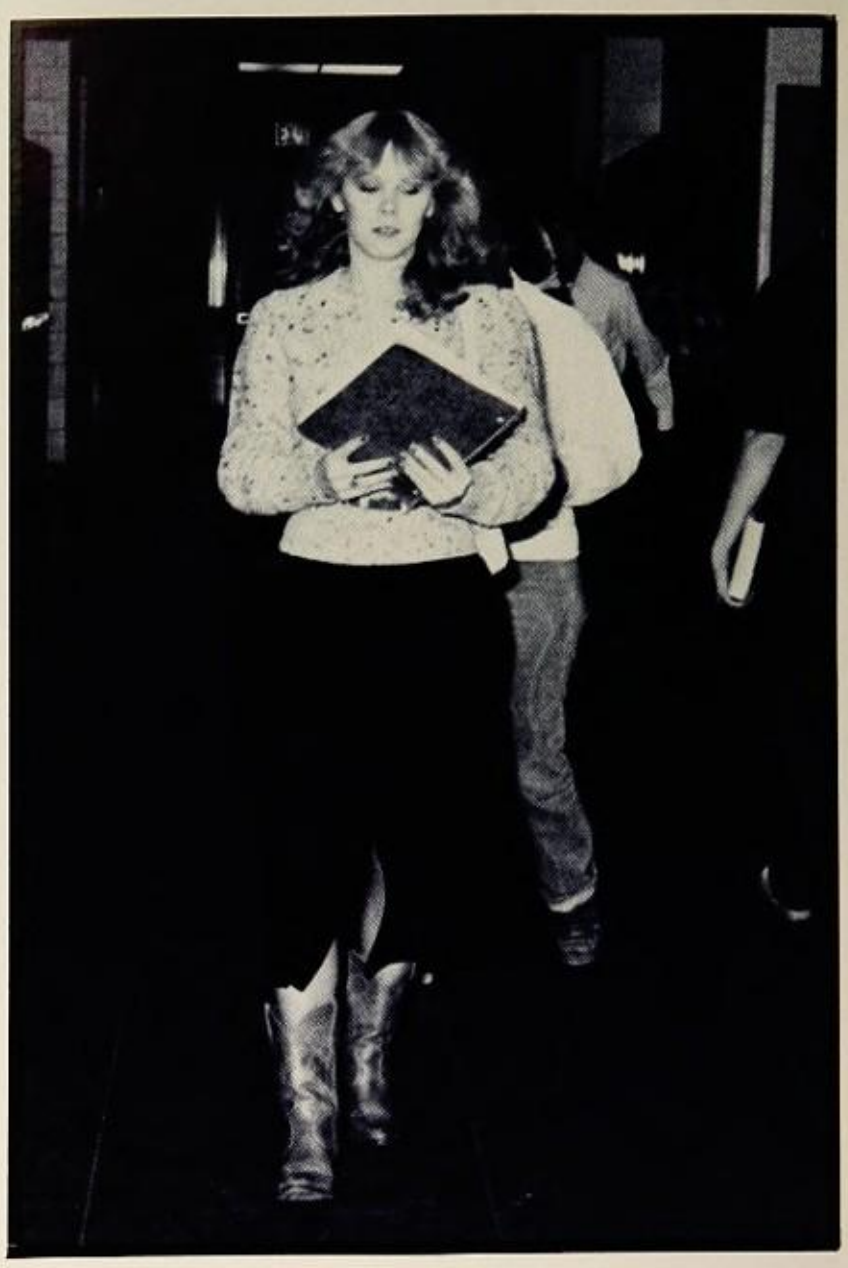
FRIENDSHIP

Though we will have to say good-bye to our friendships as we know them now, they will hopefully live forever. Because of our friendships, we obtained unity, something that will stay with us even as we take our separate paths.



UNITY

We have taken advantage of the education that Southington High School had to offer. We will have to say good-bye to the educational opportunities gained here; however, this education is one step on our paths to the wisdom and knowledge we will continually gain.

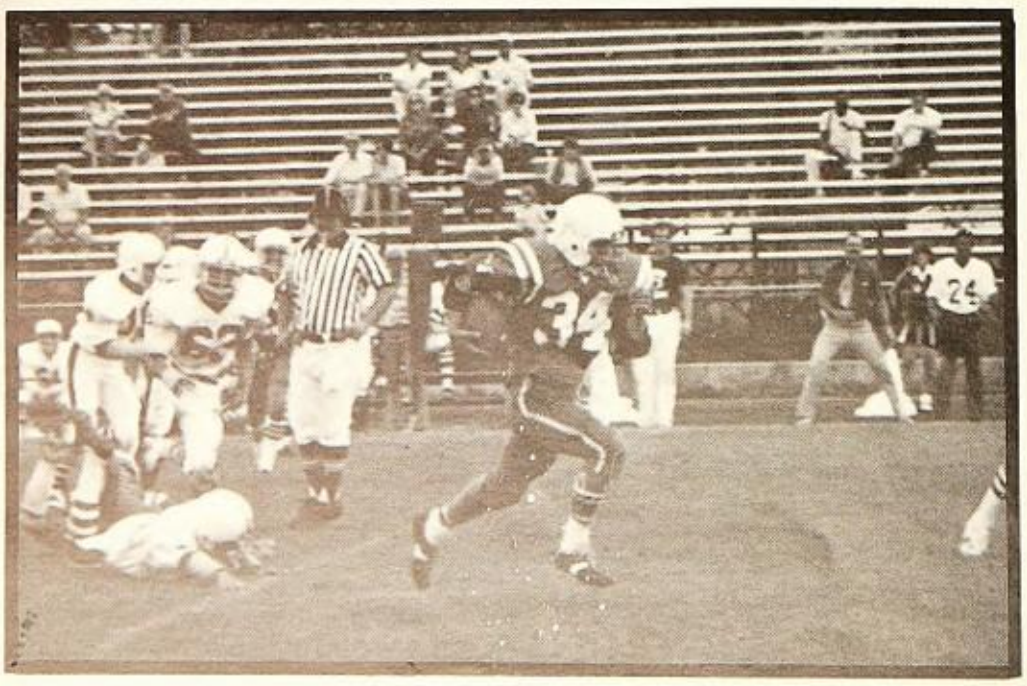


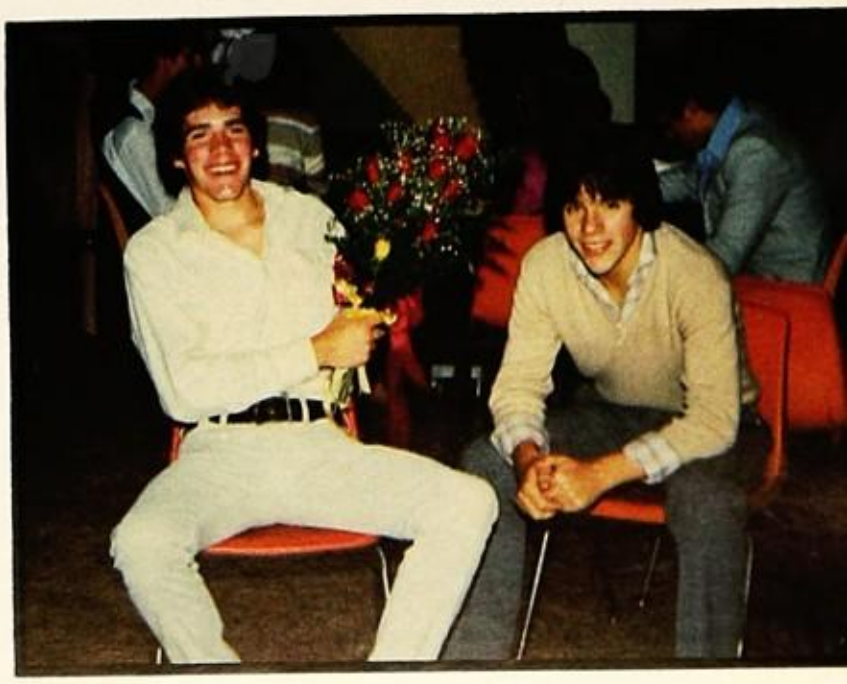
EDUCATION

WISDOM

ENDURANCE

During our three years at Southington High we showed great endurance which in turn brought us the successes that we enjoyed. Endurance is something that we can never have too much of. To try to endure is a virtue that will help us all succeed in our futures.





SUCCESS

As we say good-bye to the disappointments and broken dreams encountered at Southington High, we know they have given us strength to face tomorrow. And as we turn to our futures, we know promises of bright days are ours.

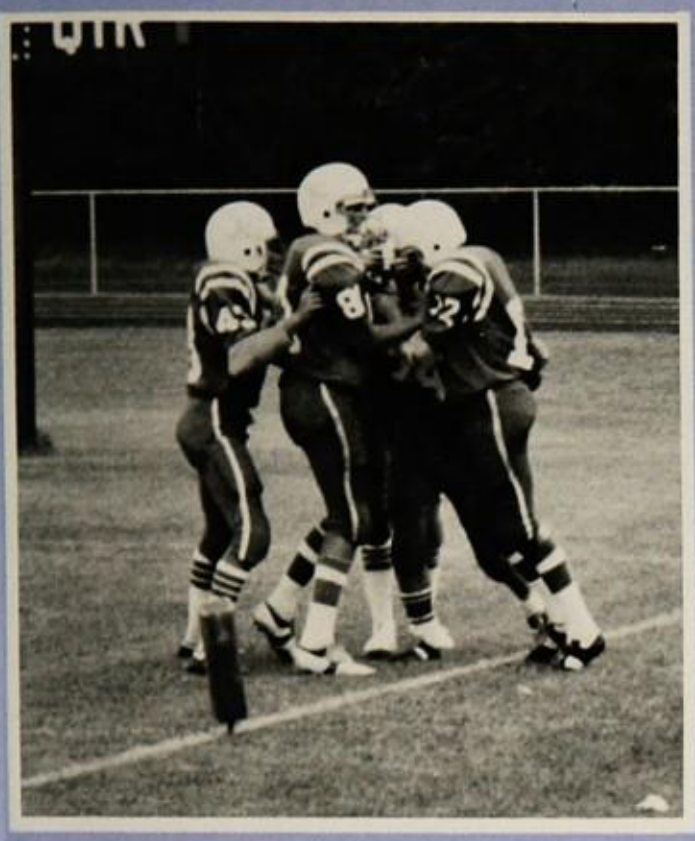
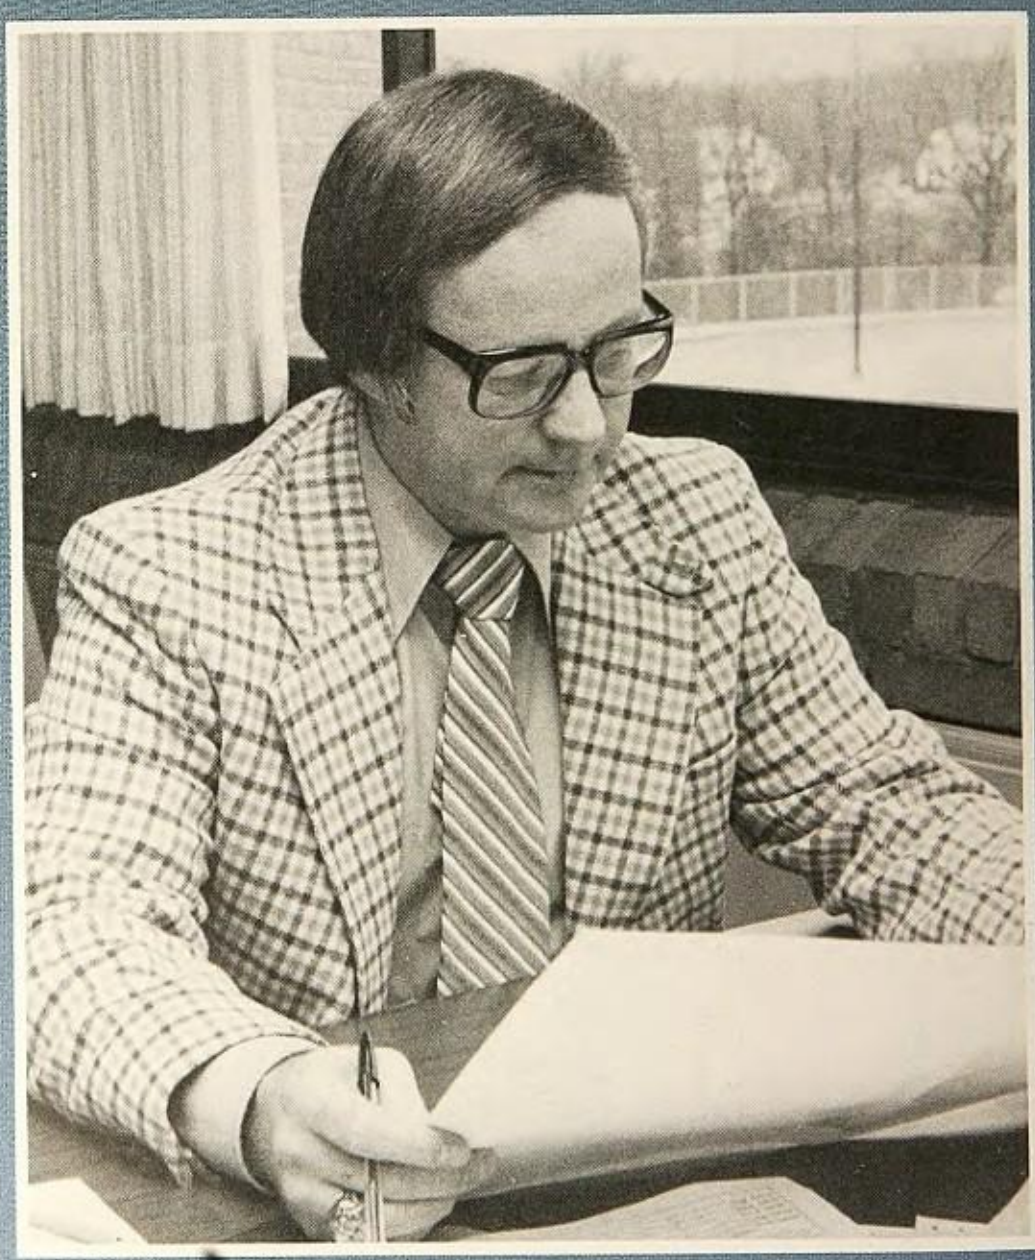
HELLO MEMORIES . . .

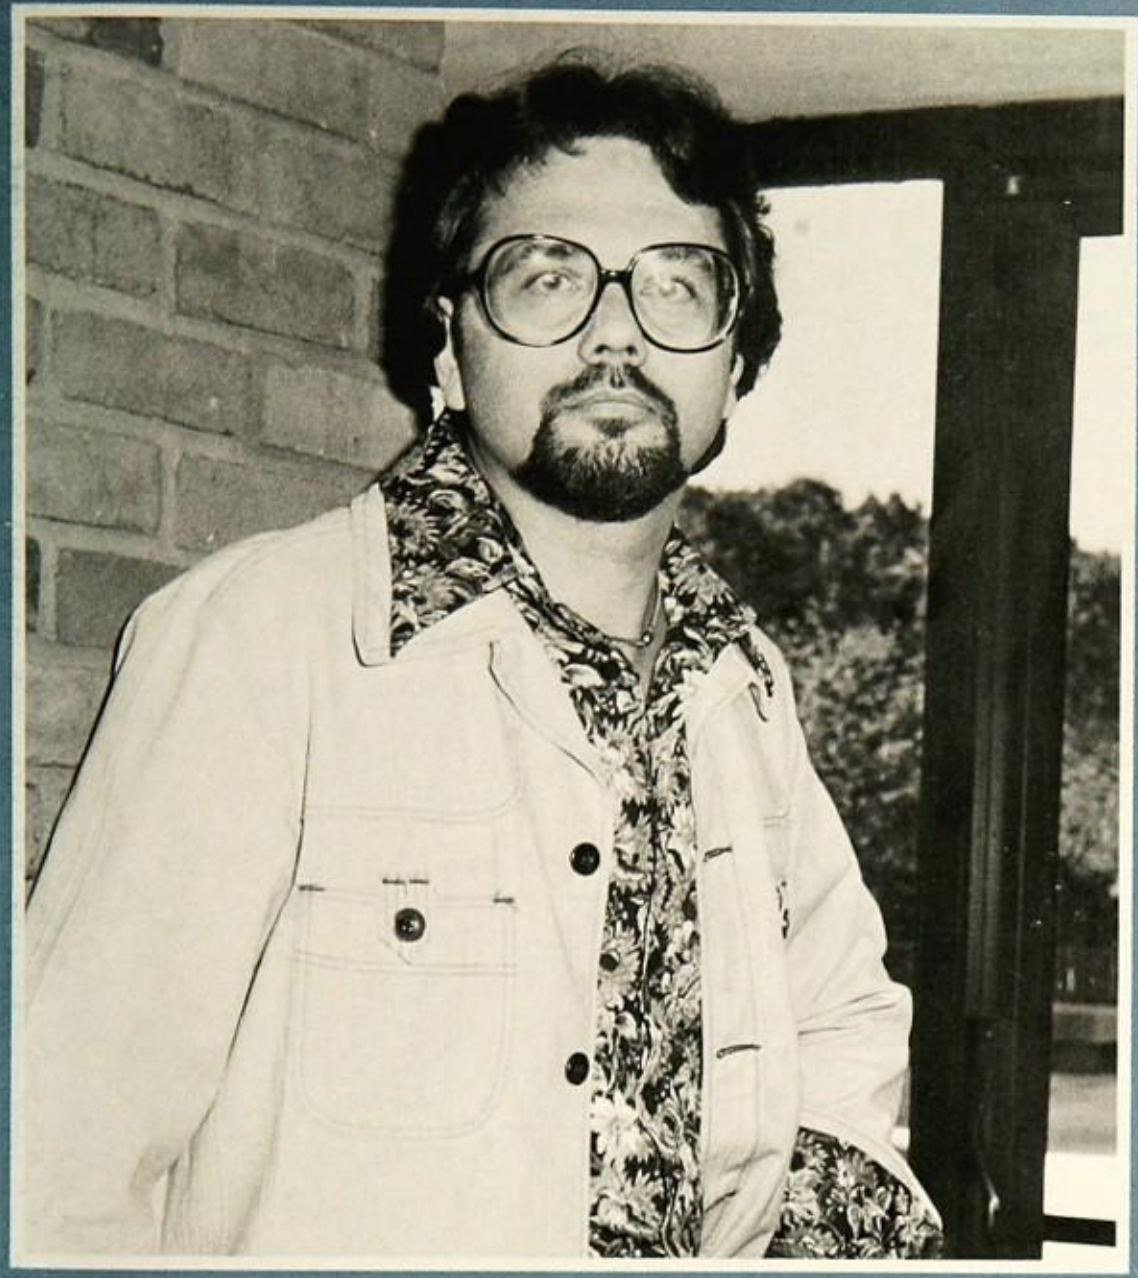


SOUTHINGTON HIGH SCHOO

Thank-you Miss Benjamin for your dedication and guidance. You are not just our advisor and teacher but a special friend. Without the time and effort that you and Hank have put into this book, it would never have become a reality.



YOU GUIDED OUR FOOTSTEPS . . .



Without you, Mr. Grimaldi and Mrs. Gilleo, the class of 1981 would not have been so successful. You two have done such a fine job of picking up the pieces and making our senior year a memorable one. We give to you our sincere appreciation for all of your hard work and effort.

The thinker

For the past three years you have been our source of guidance and leadership. You have taught us to think on our own and how to become mature adults. We may not have always shown you the respect you deserved for your ideas, but we have come to appreciate and know your concerns. The challenges we are to face will become easier due to the knowledge you have imparted upon us.

I'd like to say hello to mom and dad . . .

To the Class of 1981:

The past three years have gone by so quickly. At first, graduation seemed so far away but as the end approaches, it is too near.

As I recall all the memories and sort them our, both pleasant and unpleasant, they may have been a small part of our lives yet they have been an integral part. The moments may be temporary but the memories will be vivid in our minds for eternity.

Each of us has contributed to the uniqueness of our class.. Without realizing it, we have grown individually and by doing so have created a most original and by far the best class — The Class of 1981.

As an officer for three years, I have seen the many complications and setbacks created. Slowly we started, but thanks to a handful of reliable people we finished what I consider to be a great year.

Every one of you has helped in a unique way. I would extend my sincere thanks to the Class of 1981 for enabling me to enjoy life's worthwhile pleasures; the satisfaction of work well done; the joy that friendship brings; the courage after doubting my motives; understanding after sorrow; learning from yesterday and looking forward to tomorrow.

Happy times and bygone days at SHS will never be lost. In truth, they will grow more wonderful within the heart that keeps them. Good luck and best wishes to all the members of the Class of 1981.

My love to all of you,

Laura DeRosier

The years fly swiftly by, soon graduation will be here and your three years at Southington High will be over. As advisors we have shared your joys, heartbreaks and sorrows. Now we wish each one of you the very best life has to offer.

Beth Landino in the morning

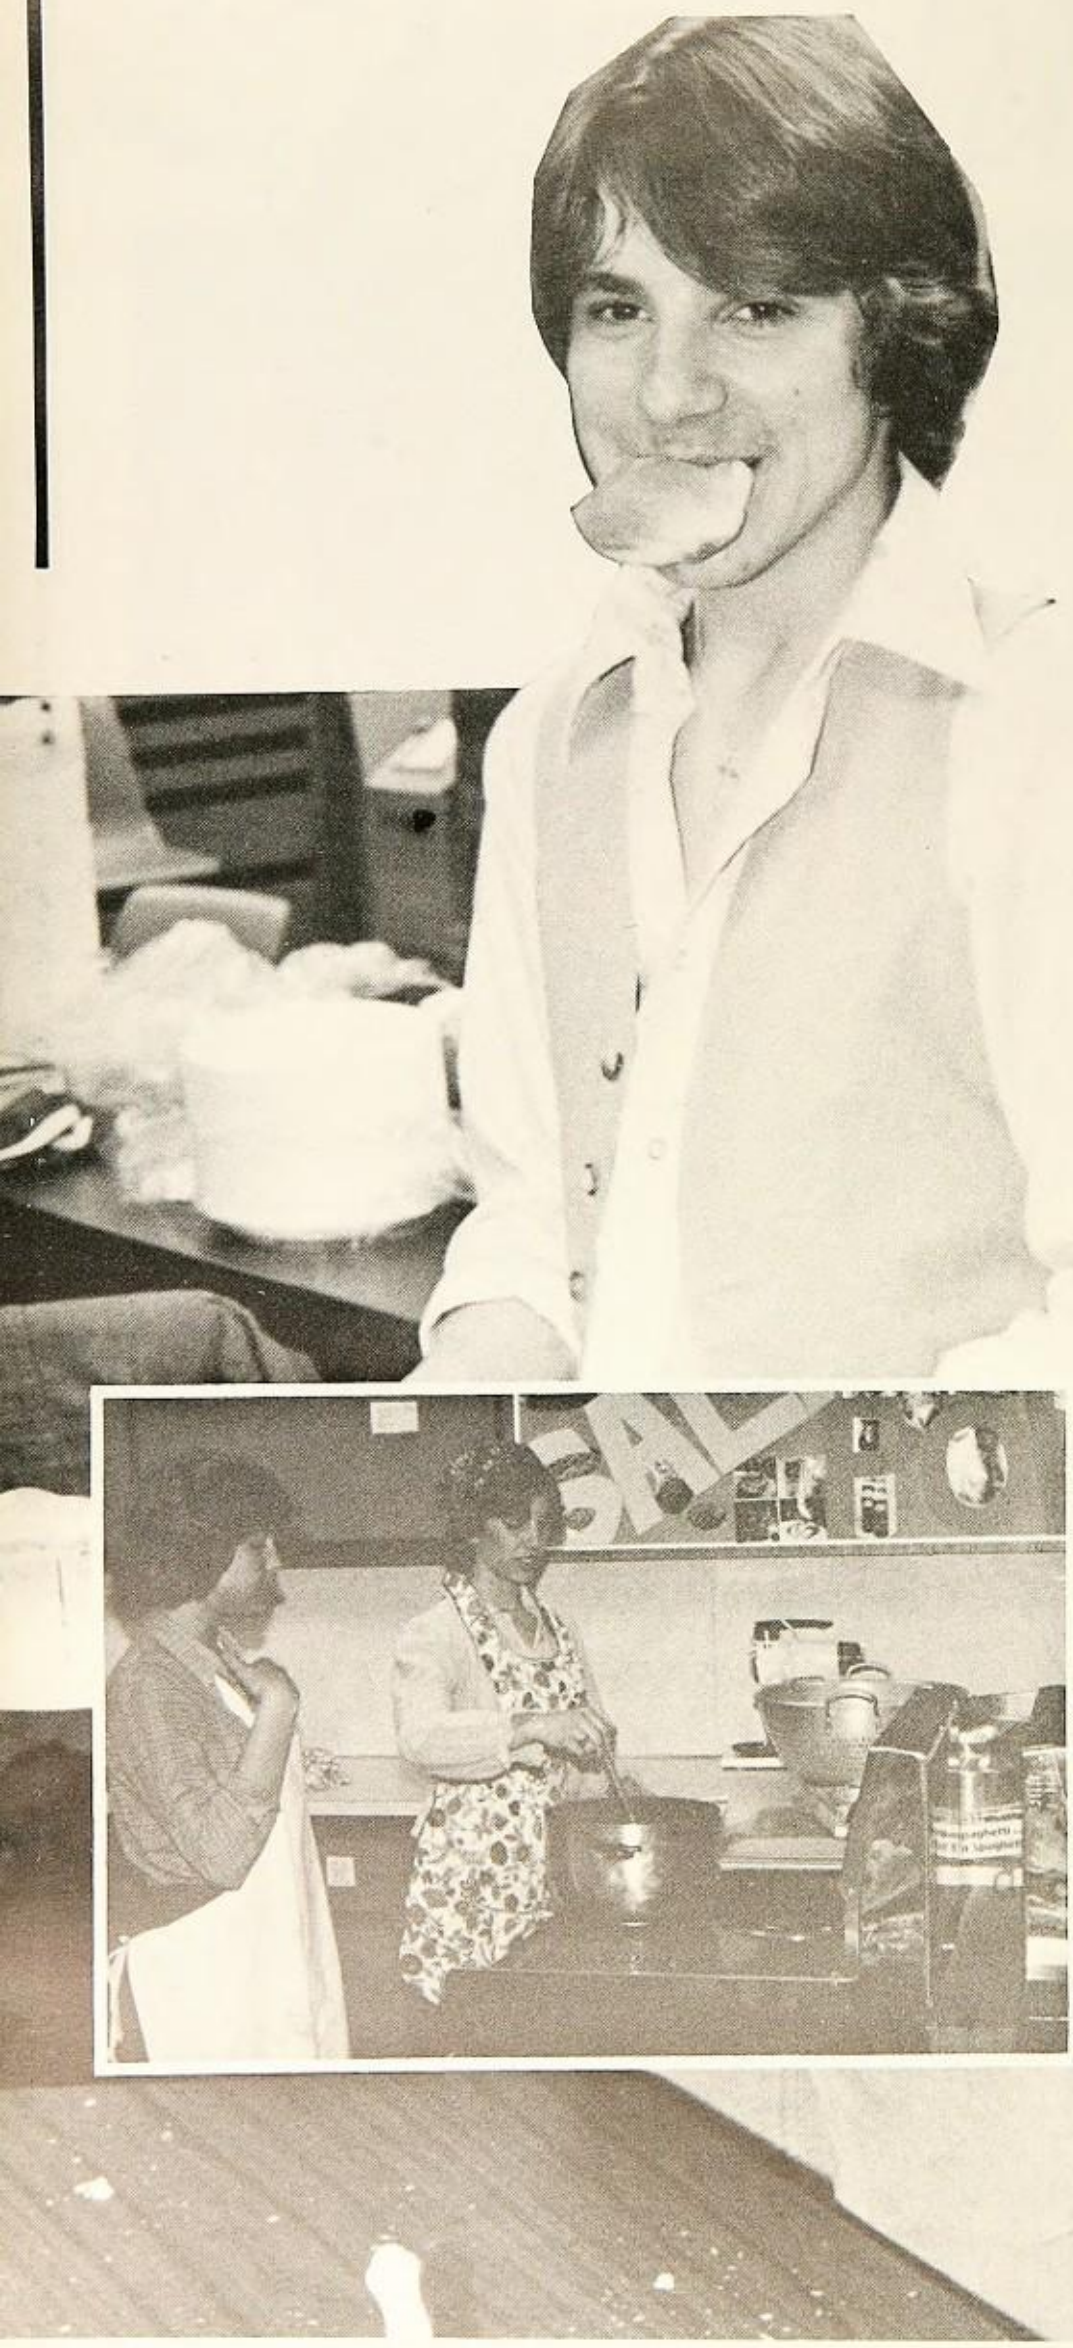
Hey, Maw!

Yes, Yes, Say Yes!

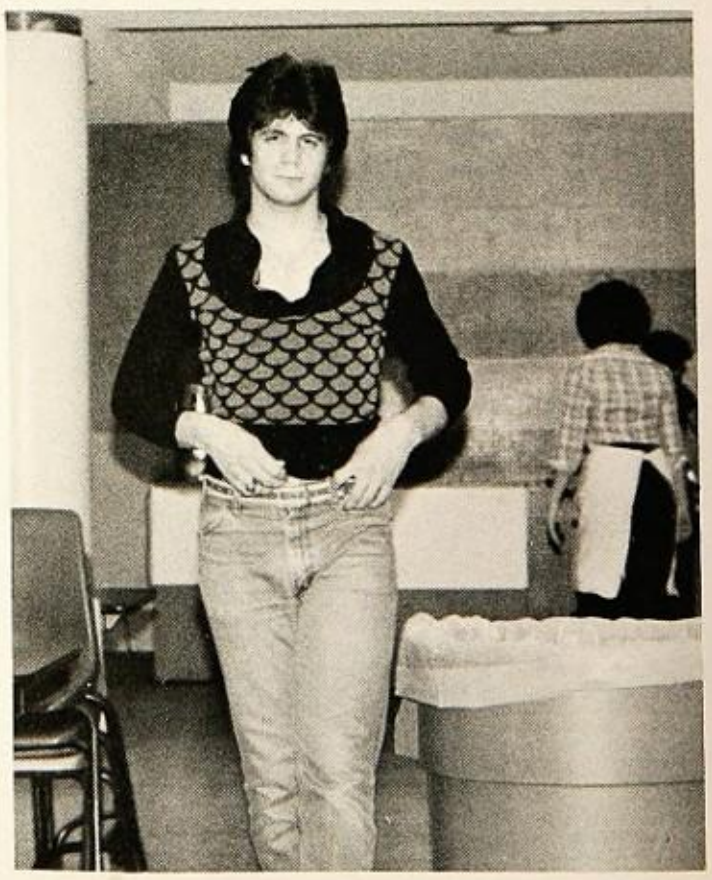
On March 22, 1980, after a one week postponement due to snow, the 2-Knight Show was staged. For one evening there was magic in the air. We had the chance to play any part we chose and to chase our secret dreams. The highlight of the evening was the crowning of Miss Junior Class 1980: Hilda Hiderbunns

Don't you dare!

I think she's stuck!



Now, what do you really need to make spaghetti for 200 people? Only about 50 gallons of boiling water, 100 pounds of spaghetti, 50 gallons of truly Italian spaghetti sauce and lots of gutsy people. That's exactly what we had as juniors when the spaghetti supper was staged. The chairpersons of this event were Kathy Cavanaugh and Esther Sullivan and they deserve a great amount of credit for work well done.



It's not a dance, Joe, it's a supper . . .

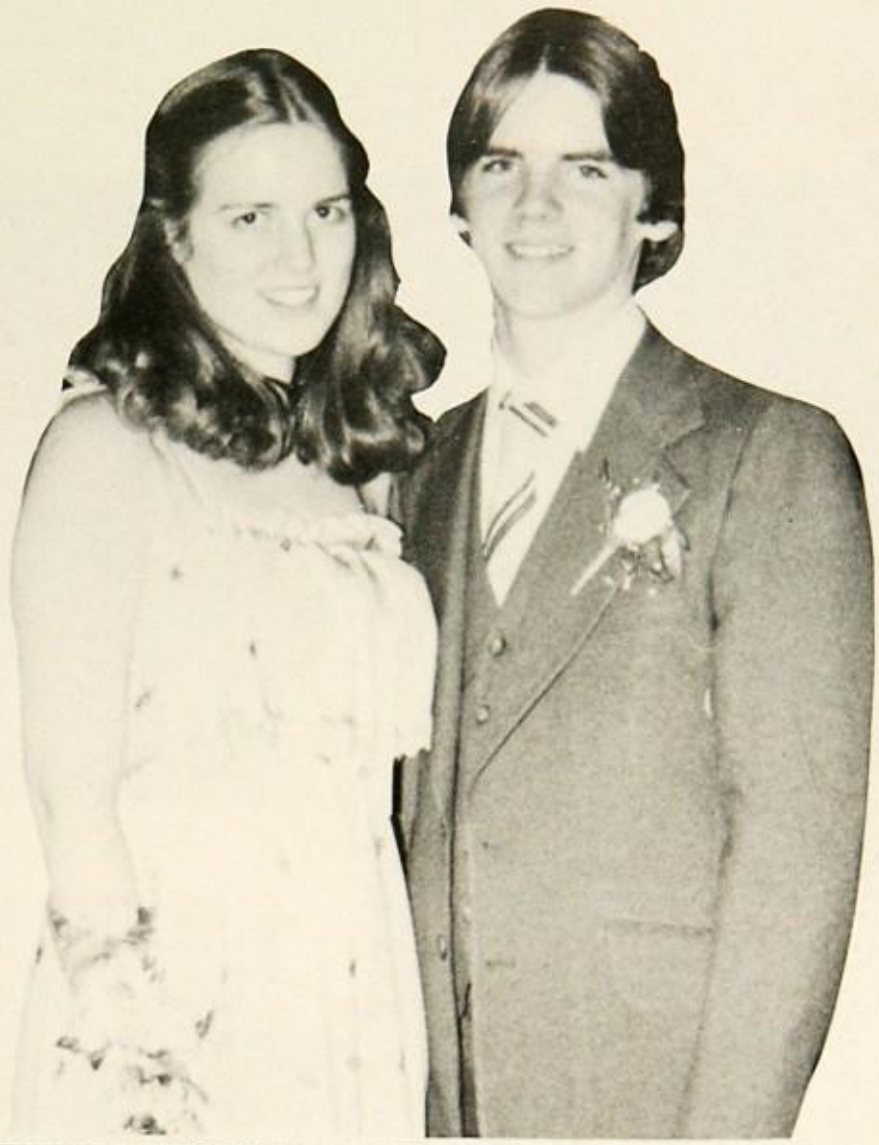
The Crew

Deb, their taking a picture!

Precious and few are the moments we two can share ..... One of these moments was spent on November 17, 1979. This was the evening on which the junior prom took place. There were stars in the sky and romance in the air. Everyone who was in attendance had a most memorable time and the evening was one of those that can truly be described as precious. We thank our chairperson, Debbie Collimore.



Each year, Southington High School chooses a Homecoming queen and her court on the basis of beauty and personality. This year's sophomore attendant was Christine Welch. The junior attendant was Heidi Morin. Traci Oshana and Lisa Redilker were chosen as the senior attendants. The Homecoming Queen for 1980 was Miss Lisa Adams. The chairperson of this event was Sue DeBishop.

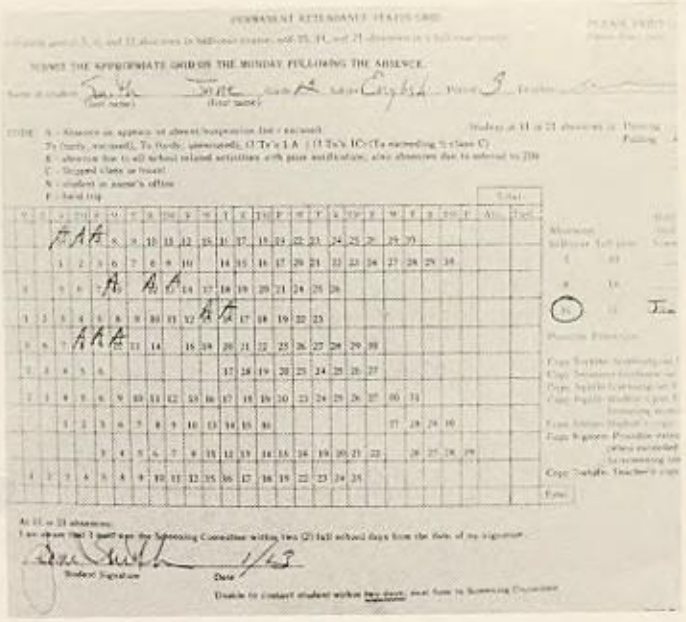
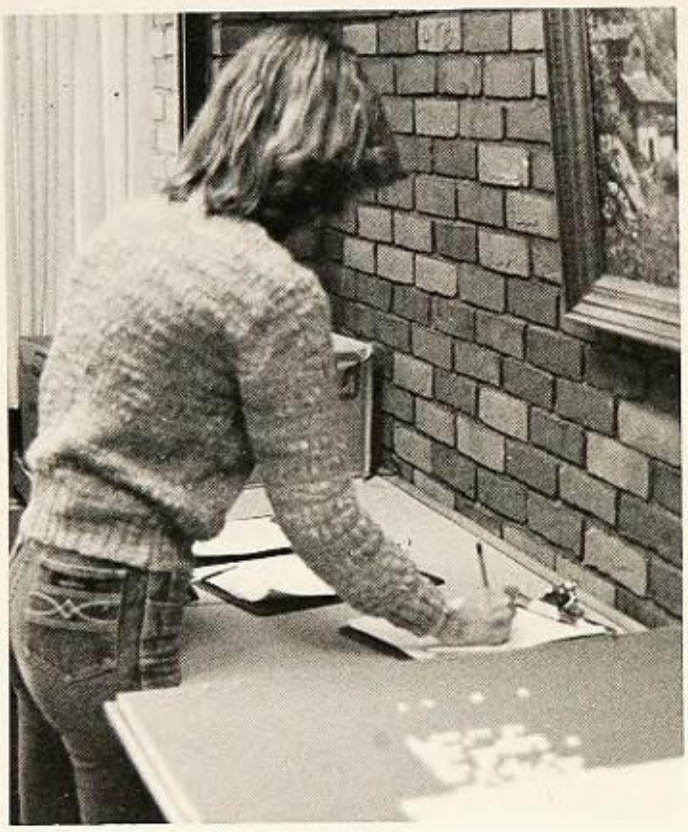
Parking Lot

The parking lot. That strretch of black top that adorns the front of the building. In a way, S.H.S.'s front yard. Barren (except for a few light poles) at 7:00a.m.; a caotic, noisey, mess at 7:30, and then serenity, but only until 2:05 . . .





Attendance Policy

The attendance policy. That awesomely, confusing, interminably frustrating set of bi-laws which govern our every moment at S. H. S. It was put into effect to assure that every student is where he or she is supposed to be, when he or she is supposed to be there. Unless, of course, he or she is excused for one of several allowances and returning bearing the mandatory "blue-slip form" and a note from Mommy.

Stairs

The stairs at Southington High School have been used for many things . . . to pass from floor to floor, to increase stamina (for athletes in training), for oral fixation, for interdigitation, for removing spikes from heels, for tripping up and falling down and for overall building of coordination . . .

Walls

The walls of Southington High School, if only they could talk, what stories they would tell.

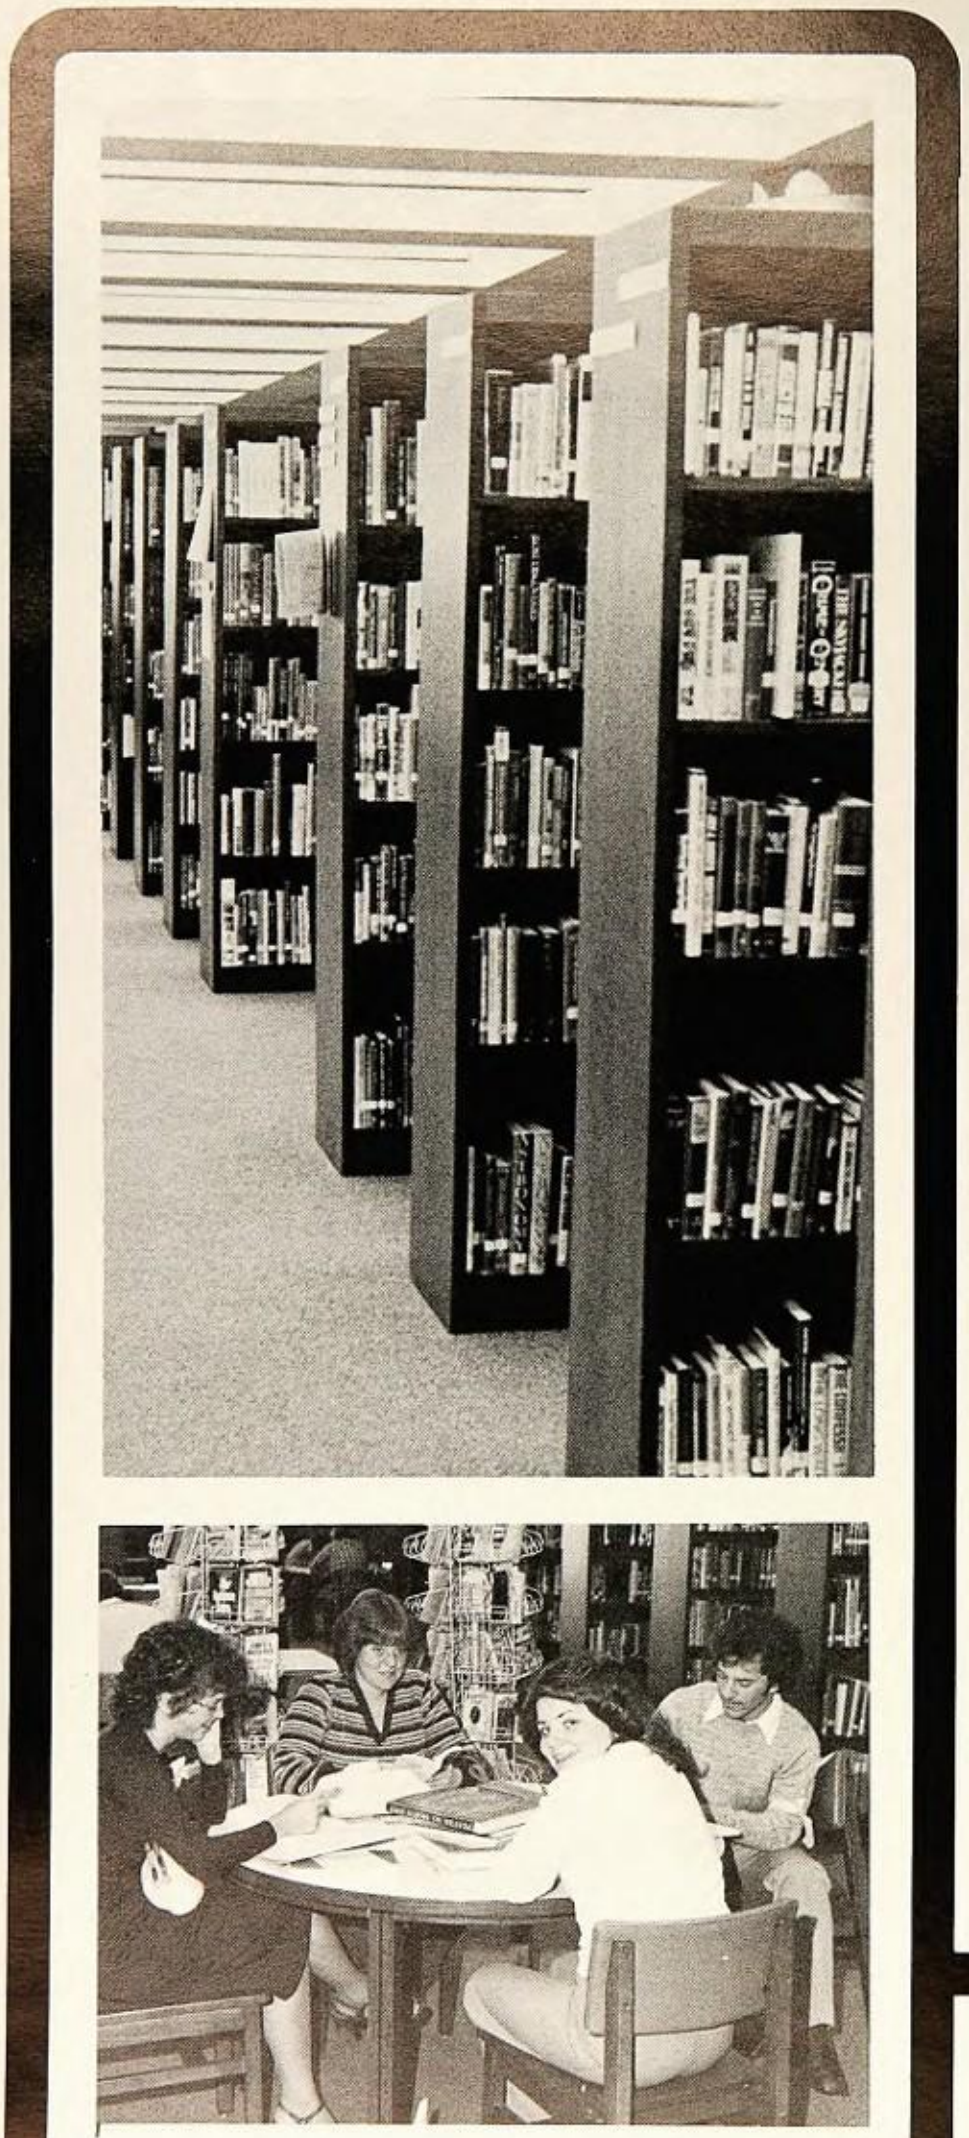
What is to be said about passes? They are the ticket to survival at S.H.S. Without those little pastel pieces of paper you might as well cash in your chips.



The Library

The library, you know the place! It is the big room upstairs that everyone gets kicked out of at least once. Quick! Put that chair back! Go down to the cafe! Does that ring a bell?

Study? Some of us did. Some of us didn't. Either way all of those hours spent pouring over books and trying to look studious are not the high points of a high school career. But we are assured that the effort will pay off. Let's hope so!

A Smokeless Day At S.H.S.

On November 20, there was unlimited visilibity at Southington High School, and blue skies overhead as S.H.S. celebrated "The Great American Smokeout"

Miniature People

Did you ever notice that there are about 30 people wandering around S.H.S. who are under 3 feet tall? No, we don't have a population of midgets, we've got our very own nursery school.

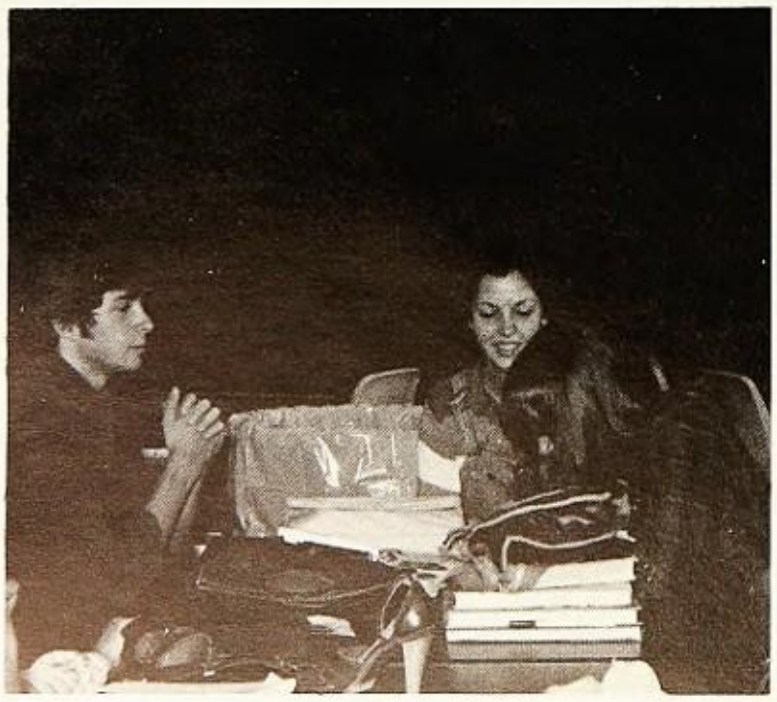
Assemblies

Two thousand voices singing out in two thousand different pitches-that's harmony, No, that's noise pollution, Assembly could mean anything from the annual 24,000 decibal pre-Plainville mutalation celebration to the calm serenity of the 23,000 decibal Christmas assembly-disproving the theory of a "silent Knight".



Nothing To Do?

The art of sitting, standing on your head, or anything else without accomplishing something. It can mean hanging out in the library, sitting in a class staring into space, or trying to write about doing nothing because there is absolutely nothing else to do.

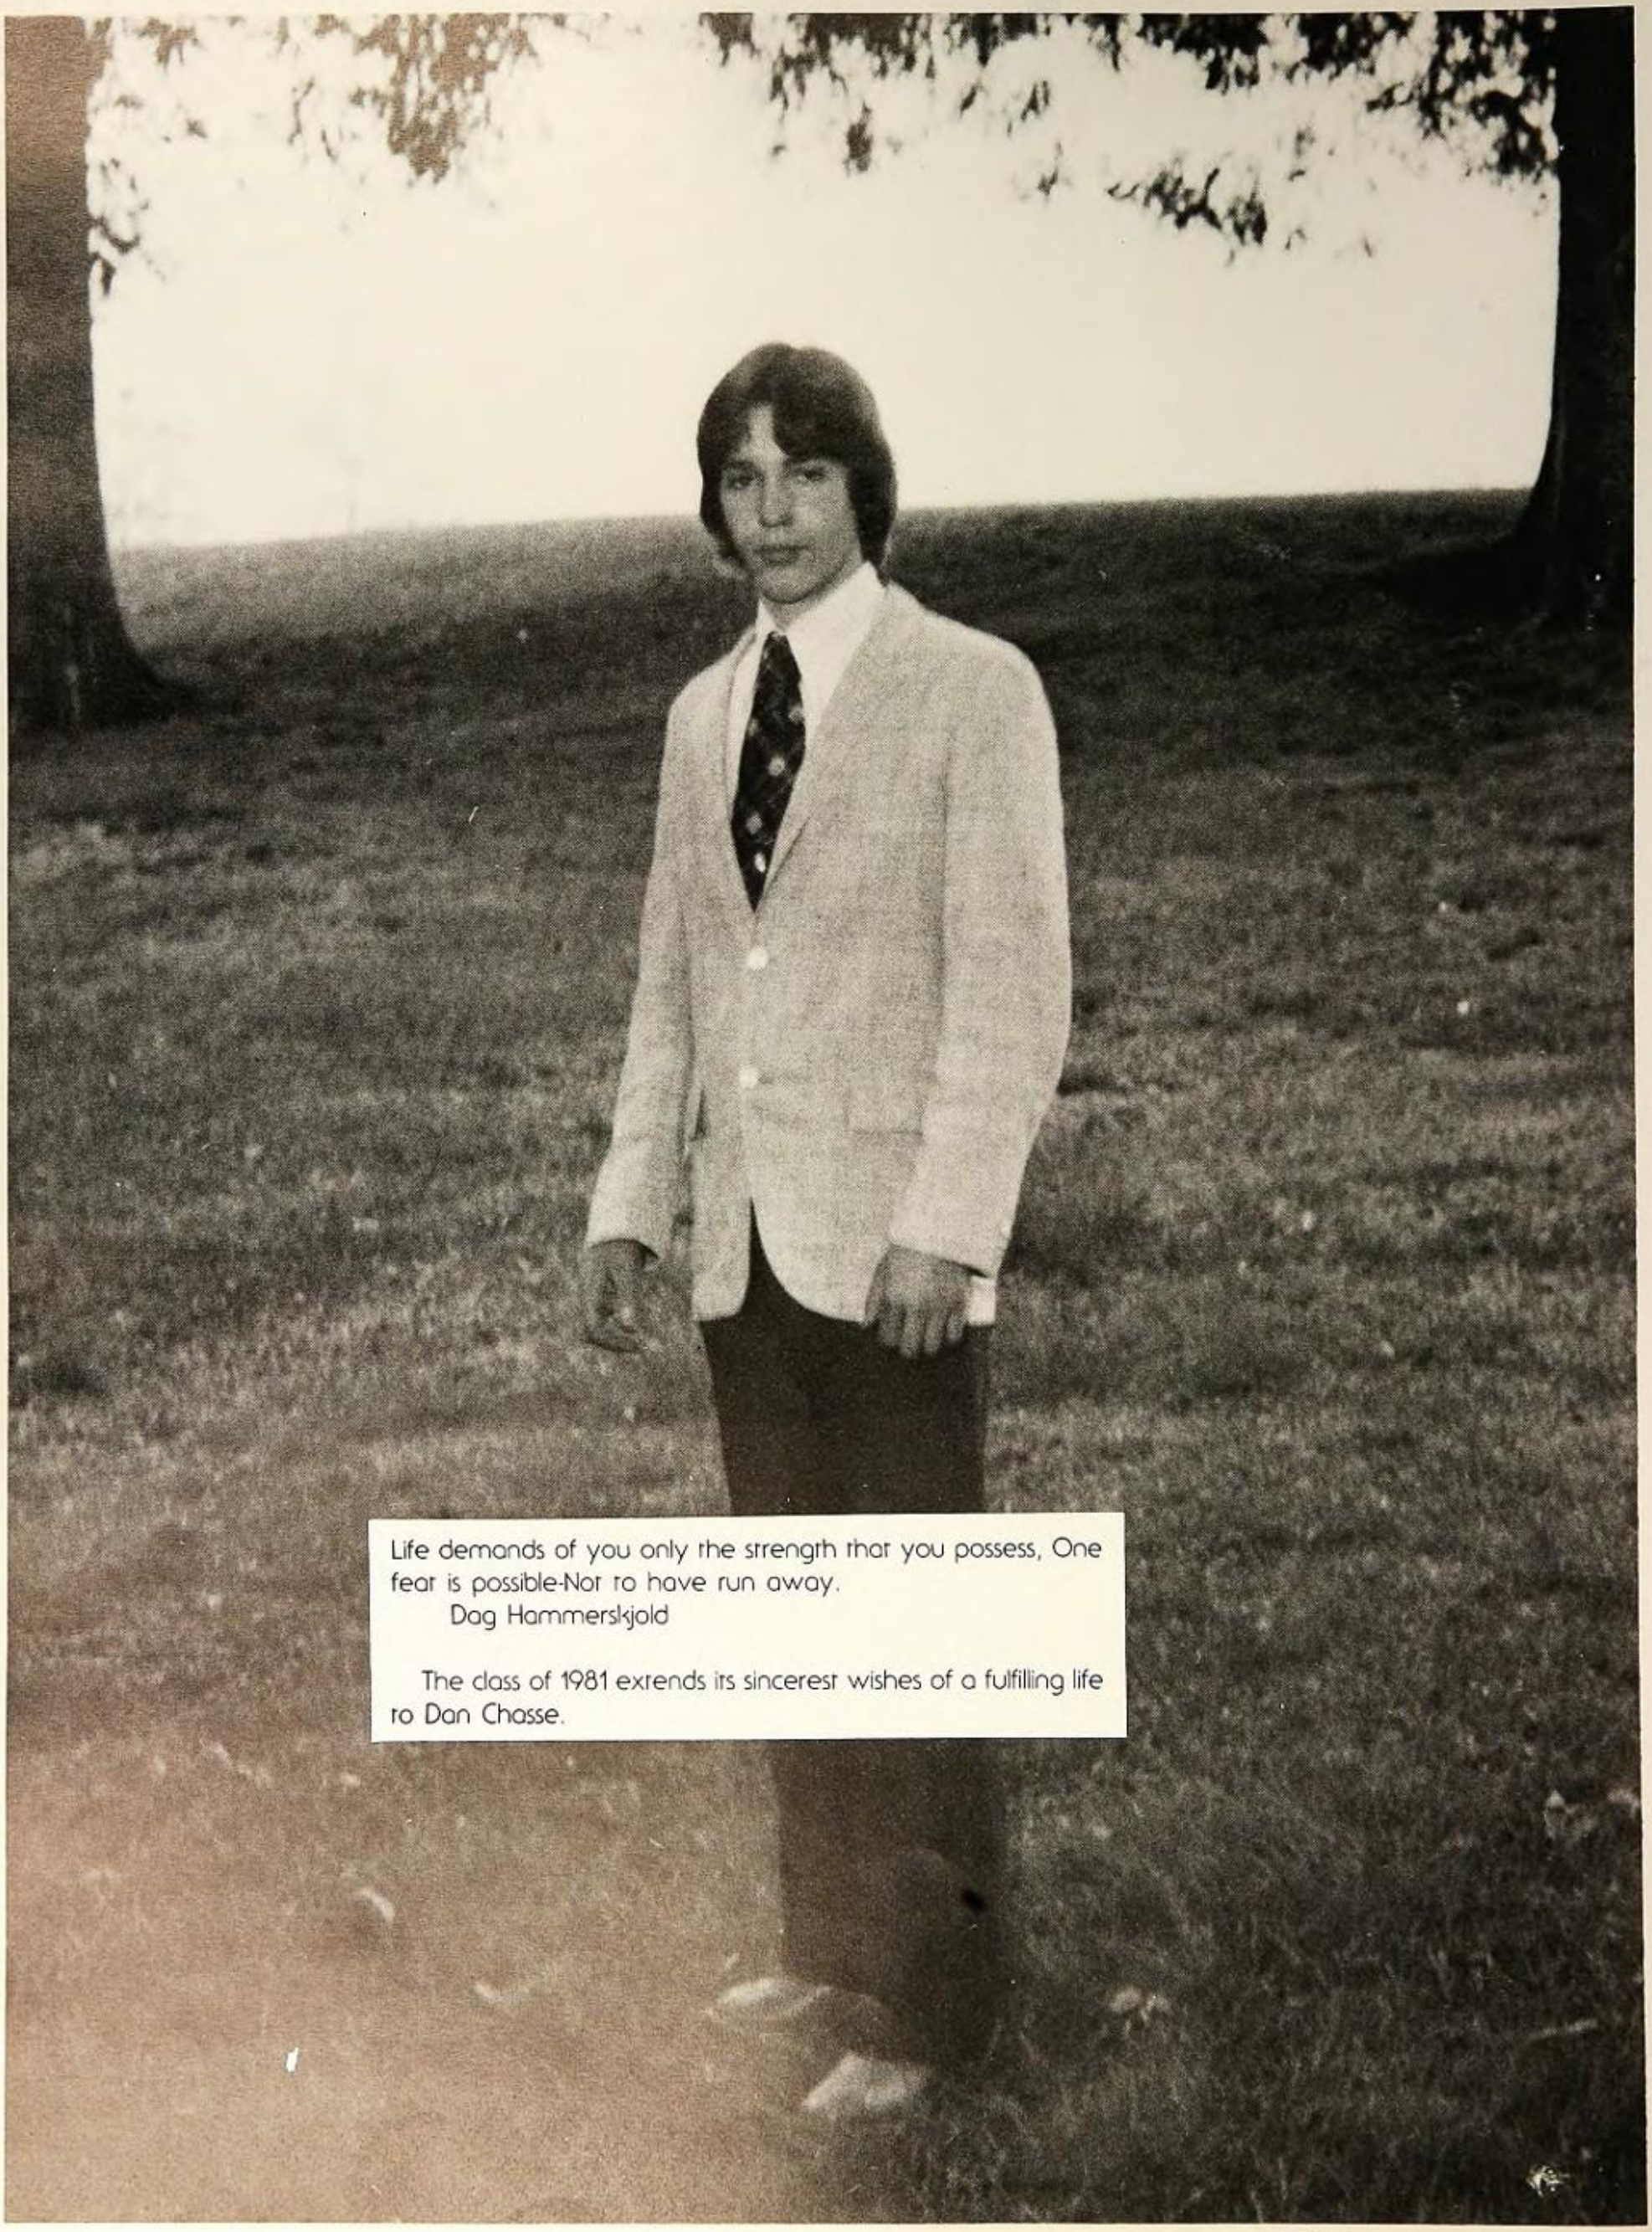
On November 3, led by the Student Council and its advisor, Miss Cope, the students of Southington High School commemorated the one year anniversary of 49 Americans being held hostage in Iran. The ceremony was solemn. The highlight was the planting of an oak tree on the front lawn of Southington High. The tree will serve as a reminder in future years of the 49 Americans that where held in Iran and our concern for them.



Life demands of you only the strength that you possess, One fear is possible-Not to have run away.
Dag Hammerskjold

The class of 1981 extends its sincerest wishes of a fulfilling life to Dan Chasse.

Diane Johnson
1963-1979

A life, a memory
A sun may set, a rose may wither,
And yet if they have brought
happiness to a heart,
Or a smile to a saddened face,
Then they would be the greatest gifts,
God hath given us.
-William Boyles

Pondering thoughts, dreaming dreams,
Going to dances, devising schemes,
Planning parties, taking tests,
Always remember, never forget.

School days and teenage nights,
Getting cars and motorbikes.
Watching TV, drive-in shows,
Where's the time gone? No one knows!

Chasing boys and running wild;
Your mom still treats you like a child.
Home by ten, asleep by eleven,
Up in the morning for school at seven.

Graduation comes at last;
We reminisce about the past.
Our high school days have been the best-
Always remember, never forget!
-Anita Evans

Enjoy...

WE DID IT

All too fast the time has fled
And the hour glass has drained,
But we shall always remember you
And the friendships that we've gained.
And now it's time for us to part.
Our path is clearly marked.
All that will be left of us
is the ground on which we walked.
For we have loved and we have gained
a part of all of you,
But we leave a part of us,
which we shall give to you
Our heart is yours for you to take,
We freely leave it here.
For we have found a lasting friend
which we will hold most dear.
So remember this as we go,
as we prepare to flee,
That even through the years ahead
will last your memory.
And if by chance our paths should meet
in the years ahead,
Search far back in your memory,
to the last thing that we've said.
We may never meet again
For we are miles apart,
And since we refuse to set you free
We'll take you in our heart.

The class of 82 has finished two of its three years here. It is a spirited, fun-loving class, as seen in our not-too-dry car wash and seemingly endless hours of prom decorating.

The class does, however, always achieve the goals it sets for itself. The most recent of these has been the success of the Junior Prom. Everyone who attended the prom will attest to a good time.

The class of 82 looks forward to a super senior year filled with happiness, spirit, and love. Keep it up Juniors.

Sincerely,

Mark E. Beebee

This year the sophomore class of "83" is a very bright class full of new ideas. This class is a very active class when it comes to school activities. We have pride in S.H.S., and we want S.H.S. to have pride in us, this is the goal for the class of 83.

With all the work and drive our class has, we plan to accomplish this. With the help and hard work of our class officers, homeroom representitives, and the rest of the class, we plan to take the class of 83 to the top. During this school year, we have already broken the school record for the magazine drive by raising $27,000.00. We planned a dance for the seniors in the spring, also planned a rollerskating party and we will be doing many other activities in the future.

The class of 83 hopes it will follow the footsteps of the past classes and do as well as they have done on the past and make S.H.S. as proud of us as it is of them. Good-bye seniors and good luck.

Sincerely,

GIRLS SWIMMING

In its first year in existence, the Blue Knights girls swim team had a record of 5 wins and 4 losses. Led by coach Naples, the girls worked from September through November, practicing in 3 different pools. The final victory of the year came over the Devils of Plainville. The girls have started a fine winning tradition for future teams to follow.

VOLLEYBALL

Although few people often turned out for their games, this years volleyball team was a force to be reckoned with. In a season which saw the team go 11-6 and travel to the state tournament, they faced some of the toughest competition available, including Maloney the defending state champs. Beginning their practices before the start of the school year, and working through the season the girls showed fine school spirit and were never out of any match until the game was played.

THANKSGIVING DAY

A cold and wet Turkey day saw the football Knights breeze to a victory over Plainville in what might have been the last game played between these two schools. A capacity crowd was on hand to witness the band, Silks, majorettes, cheerleaders, and a routing of the Devils. The float and parade led by the seniors was one which will be remembered by all for a long time to come.

FOOTBALL

Football is alive and well again at SHS. This was the goal of the team, and led by Chris Conaty, Dave Dube, and Bill Rabis, this goal was accomplished. The team compiled a 7-4 record and their record of 6-2 in the Colonial conference was good enough to earn them a share of the conference title. The season was climaxed with a 27-6 victory over Plainville on Thanksgiving Day.

CROSS COUNTRY

This years Cross Country team, led by captains Bill Thomson and Mark Dellavechia had a fine season. Spirit and fine performances by all members led the team to an undefeated season and the Colonial conference crown. In the State championship meet the team finished sixth.

CHEERLEADERS

The glory and glamor of being a cheerleader isn't all that its cracked up to be. Ask any member of this year's squad who had the opportunity to stand out in the rain and cold to show everyone that Southington has spirit! One can not help knowing that they were appreciated however, many times giving the teams a little extra hope and encouragement. These girls felt every victory and defeat just as much as any member of the team they were cheering for. It takes a special kind of person to be able to create enthusiasm when your team is losing and the cheerleaders had this quality.

BAND * SILKS * MAJORETTES

Under the direction of Mr. Mercaldi, and student teacher Keith Berry, The Southington fans saw some of the best halftime entertainment ever this year. The band, enhanced by the Silks, and the majorettes, performed at all of the home football games and Pep assemblies. They are to be commended for the time they spent rehearsing, and their dedication to rehearsing in spite of the attempts of mother nature to stop them.

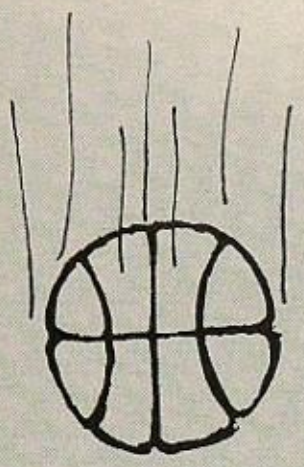
GIRLS BASKETBALL



The 1980-81 Girls' basketball team started the season with high hopes. These hopes were not dashed along the way as they rolled along through a 13-5 season and went to the state tournament. They were defeated in the first round of the tournament by a strong team from Brien McMahon. Through a couple of games lost by one point, the team held together to beat arch rival Plainville in their last regular season game.

I would like to thank all of the people involved with Southington High School- the administration, faculty, and students, especially the seniors, for making this past year a great one. Many people have been involved in planning school activities and have been a great tribute to the school. I would especially like to send my thanks to the National Honor Society advisors for making this club a very special and unique one. Best of luck to all of the underclassmen at Southington High School. I hope they can get as much out of their three years in Southington High School as I have out of mine. Again I wish to extend my sincere thanks to everyone involved with Southington High School.

Sincerely,

I sincerely hope you, my fellow seniors, have all enjoyed learning and growing together at SHS as much as I have. Together we all took on the responsibilities of young adulthood and, as individuals, we have set our own priorities and responsibilities for our own desired success.

After graduation, we the seniors of Southington High School, will take the knowledge and maturity we have acquired in our three years here on the road to the future. We can mold our futures and the future of all by the way we handle today. Utilizing today to its fullest, we can bring forth a better tomorrow.

Underclassmen, as the future of SHS, I hope you read graduation with the same sense of accomplishment and satisfaction as I have, the happiness and determination to produce a fine future.

Fellow seniors, I wish you happiness and success and future because you are the special people of the Class of 1981.

Thank you, SHS

Sincerely,

Robert E. Calandra

Senior year has come and gone and now the seriousness of life unfolds. What you will become, whether it requires additional education or directly into the world of work, depends entirely on you. Do your best, be consciencious about your work and your future, and above all have confidence in your ability to succeed.

Congratulations

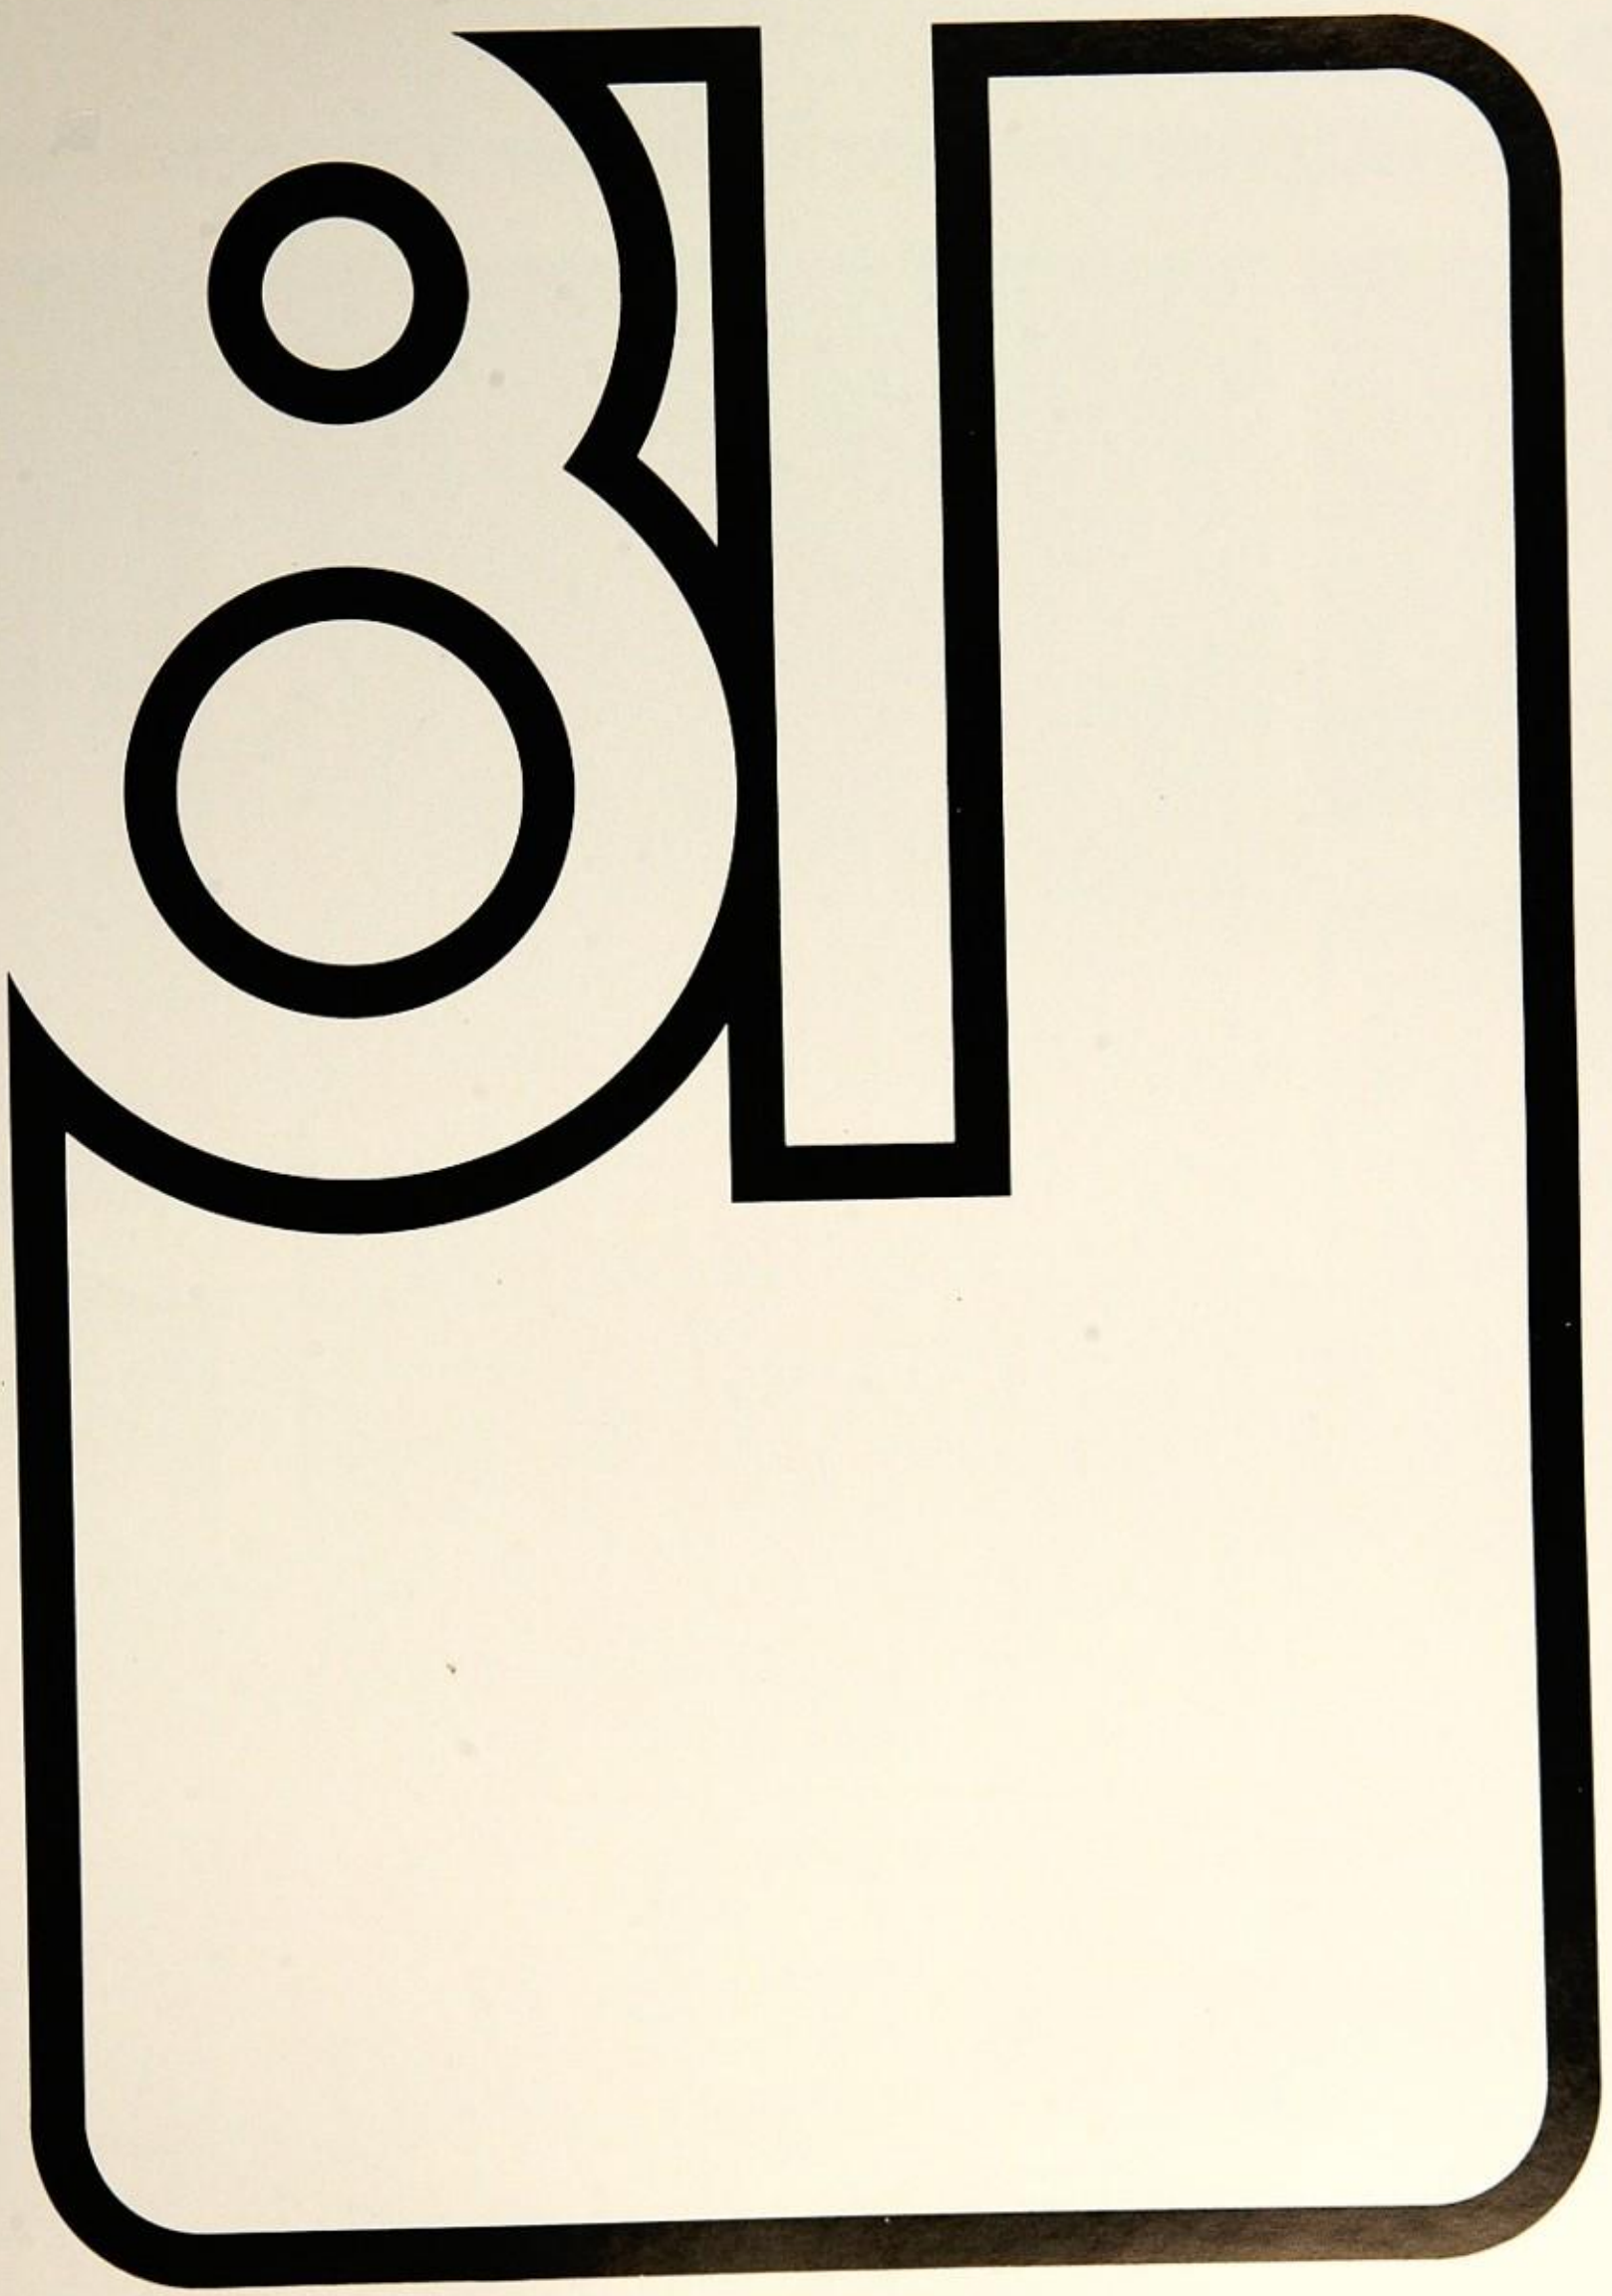
NINETEEN HUNDRED

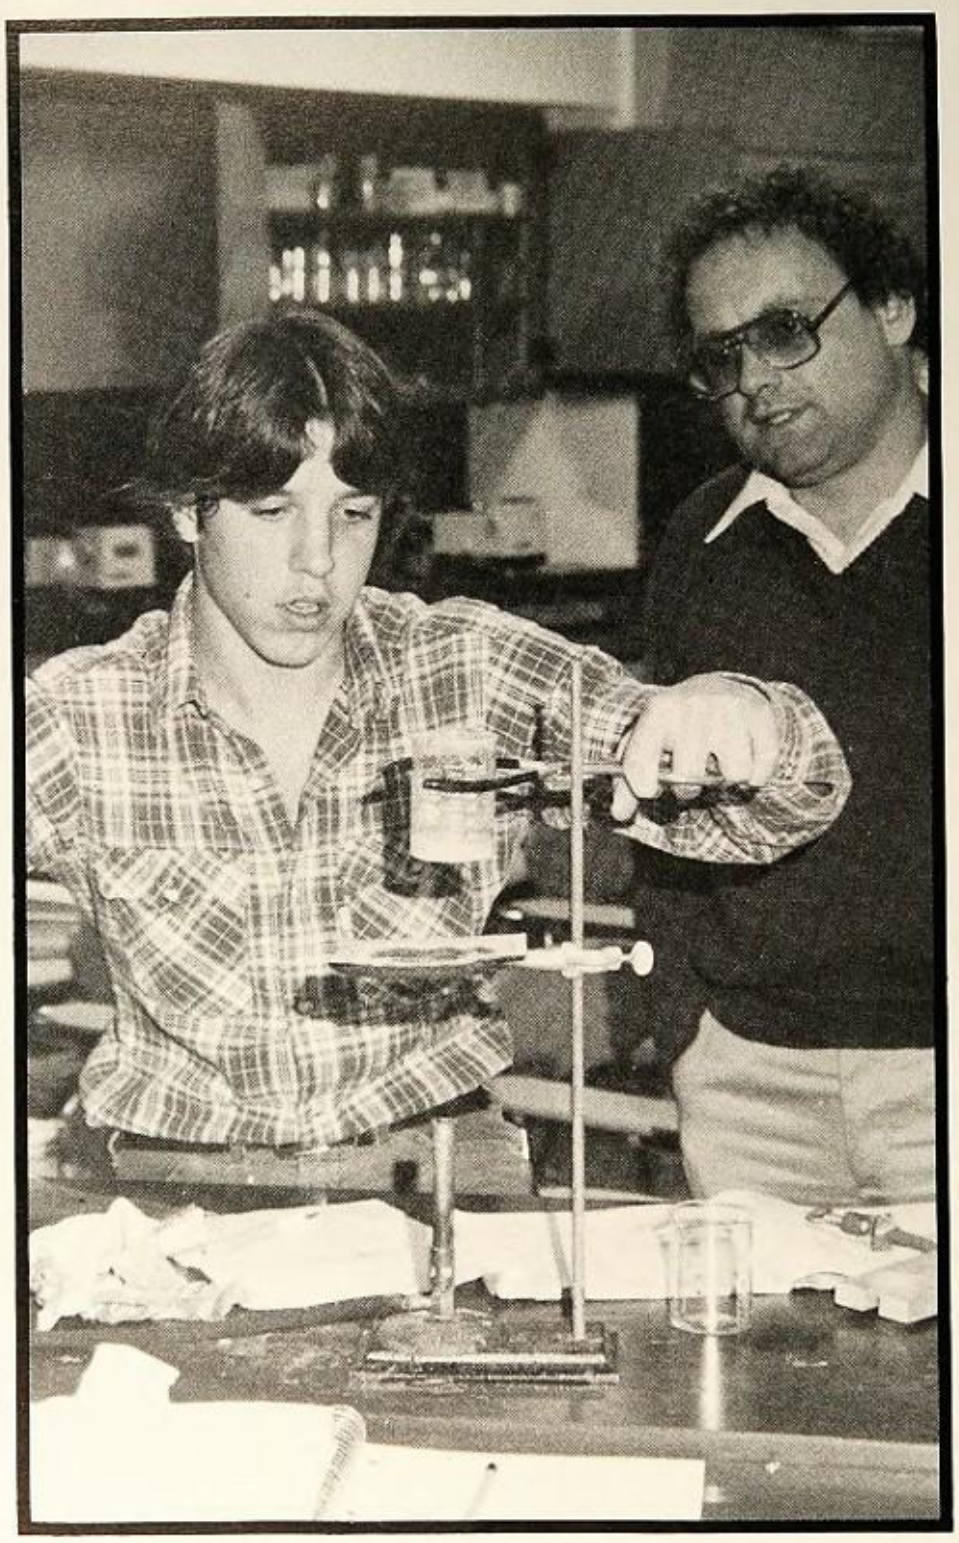
Eighty-one

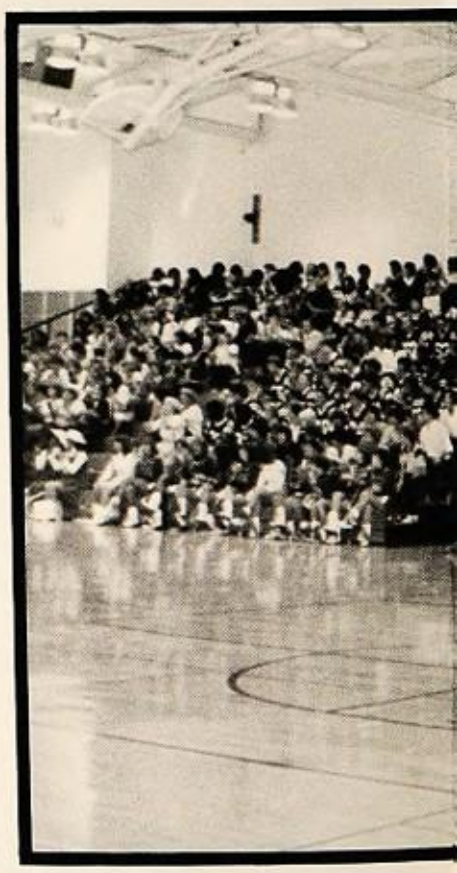
NINETEEN HUNDRED & EIGHTY-ONE

OUR 1981 YEAR



Hello Memories . . .





Laughing . . . Crying . . .
friendship's made . . .
Cheering at games . . . going
to dance's . . . Friendly's . . .
Mac's . . . These moments
have past but in our minds
we shall hold them safe so in
the times ahead we can call
them back to mind. Shall
they never fade these . . .
. . . memories

E. Sullivan

Eighty One -and

you were there.

SENIORS SENIORS SENIORS

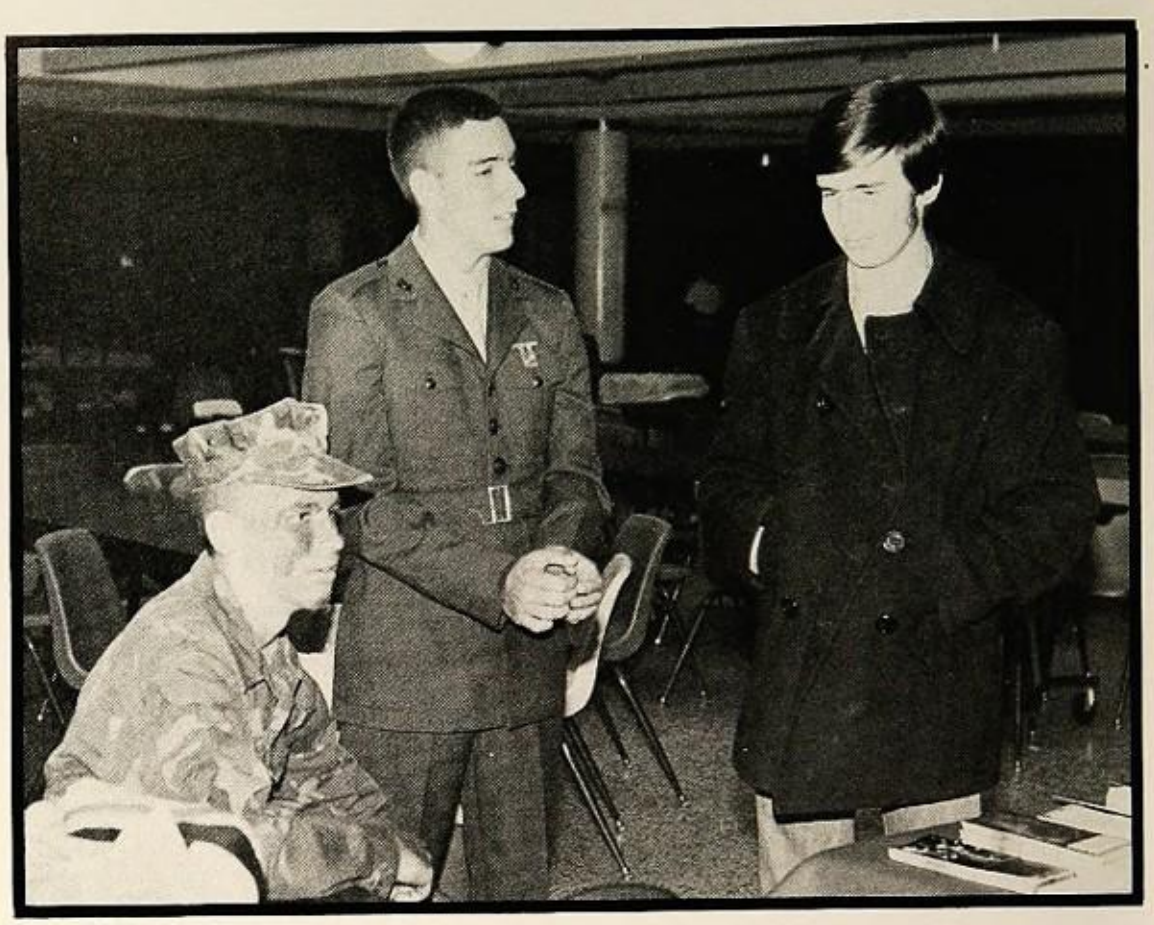
Space, our final frontier.
These are the voyages of
the Class of 1981.
Our lifetime mission . . .
to explore new paths,
to seek out new experiences
and new goals . . .

To boldly go where no graduate has
gone before!

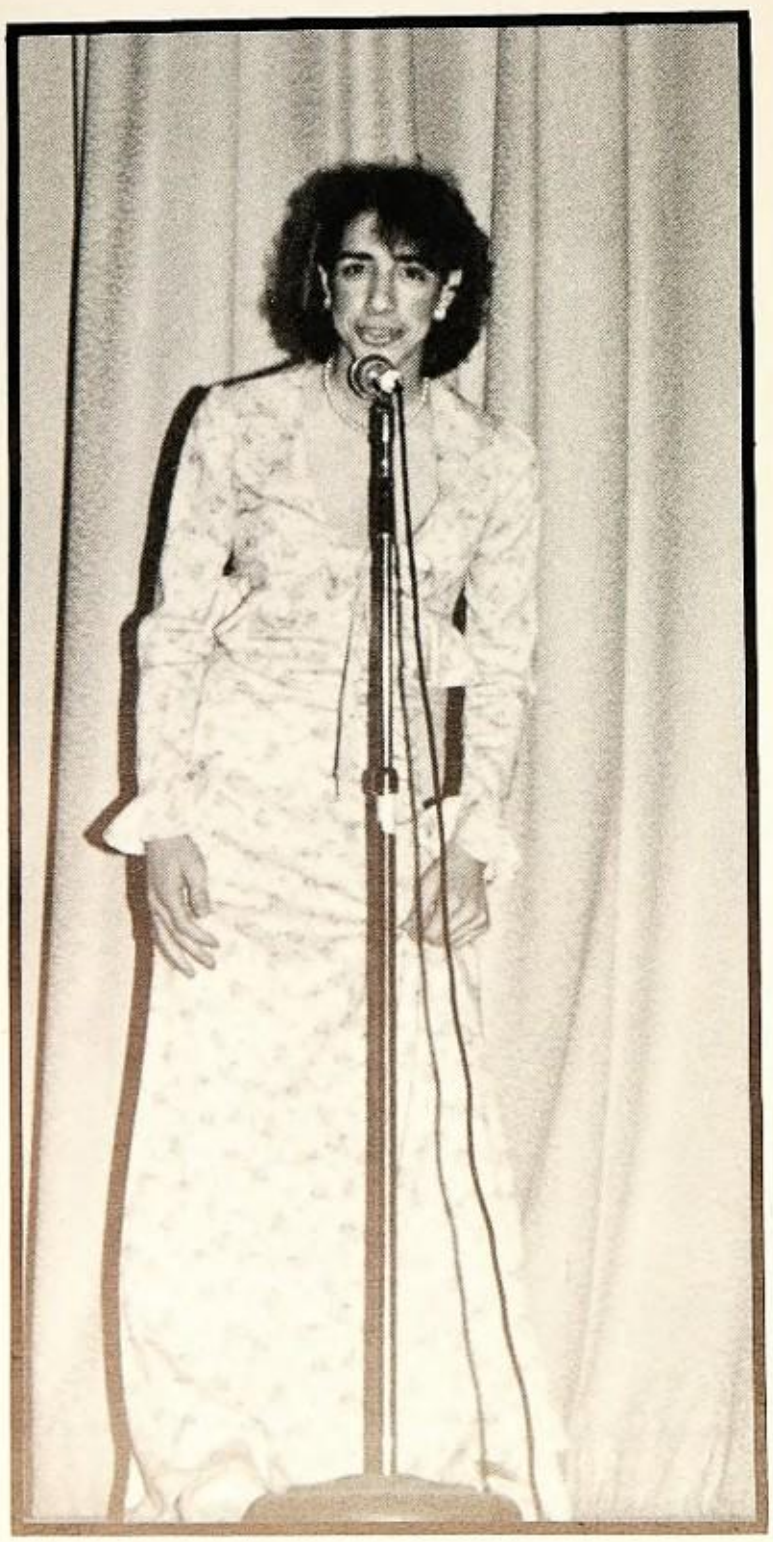
Hello Decisions

No human activity can proceed without making choices-Critical Acts Of The Mind . . .

. A. Bartlett Gimatti



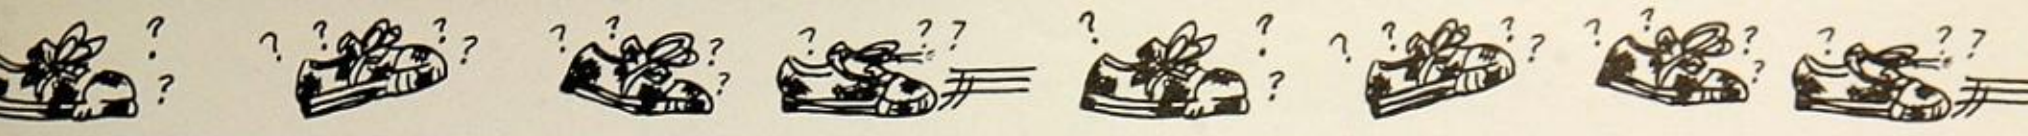
Army, Navy, Airforce, Marines?



I'm glad I decided to run for Miss Southingron.

We hear wedding bells!

I decided to let my hair grow.



I decided to graduate, at least.

We have to work for a living.

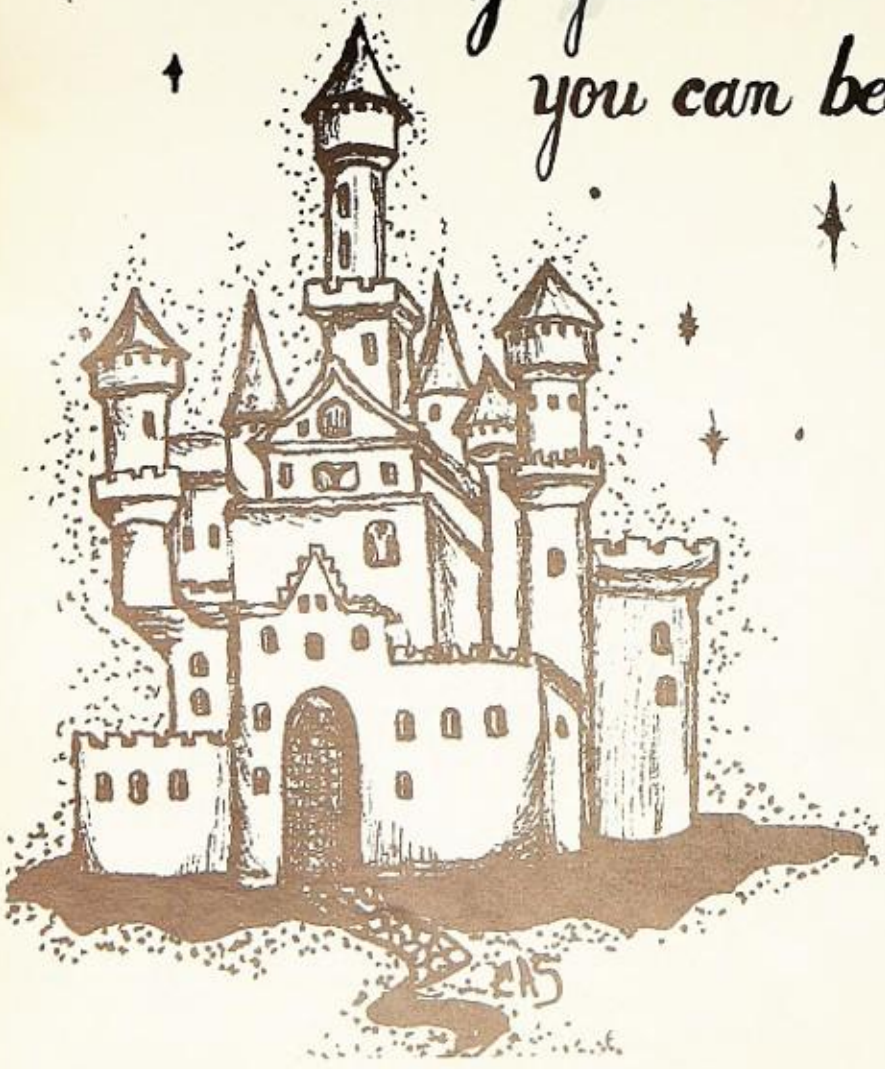
Not now, we can't decide!

College or ???

A STAR: Some call people in their choice of employment, stars. They are acting. They entertain us. Is that a star?

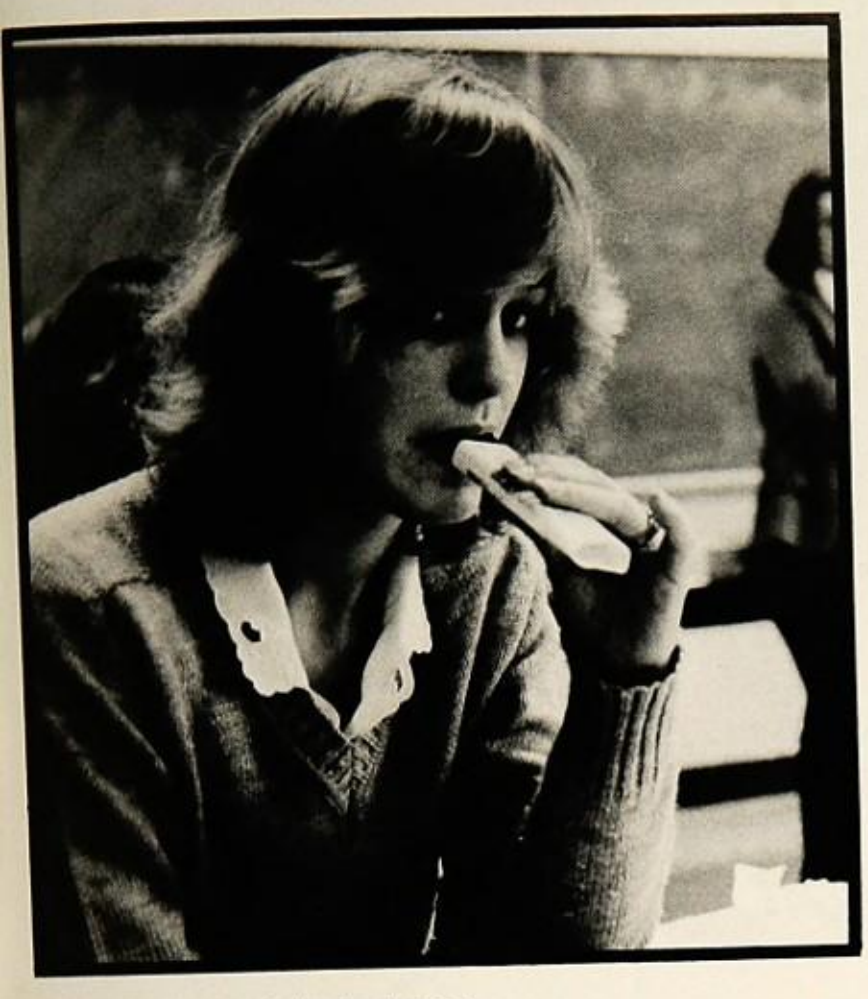
Hello . . . It's Me?!

Your hopes and dreams are all your own
and you are free to follow them
with strengths and talents uniquely yours,
so strive to fulfill your self desires
and don't discard them in times of discouragement.
Yours is the power to be what you would be
for if you can imagime something
you can achieve it,
and if you can dream something
you can become it.



I-I hardly know right now, sir
at least I knew who I was when
I got up this morning but I
must have changed several times
since then.

Alice in Wonderland

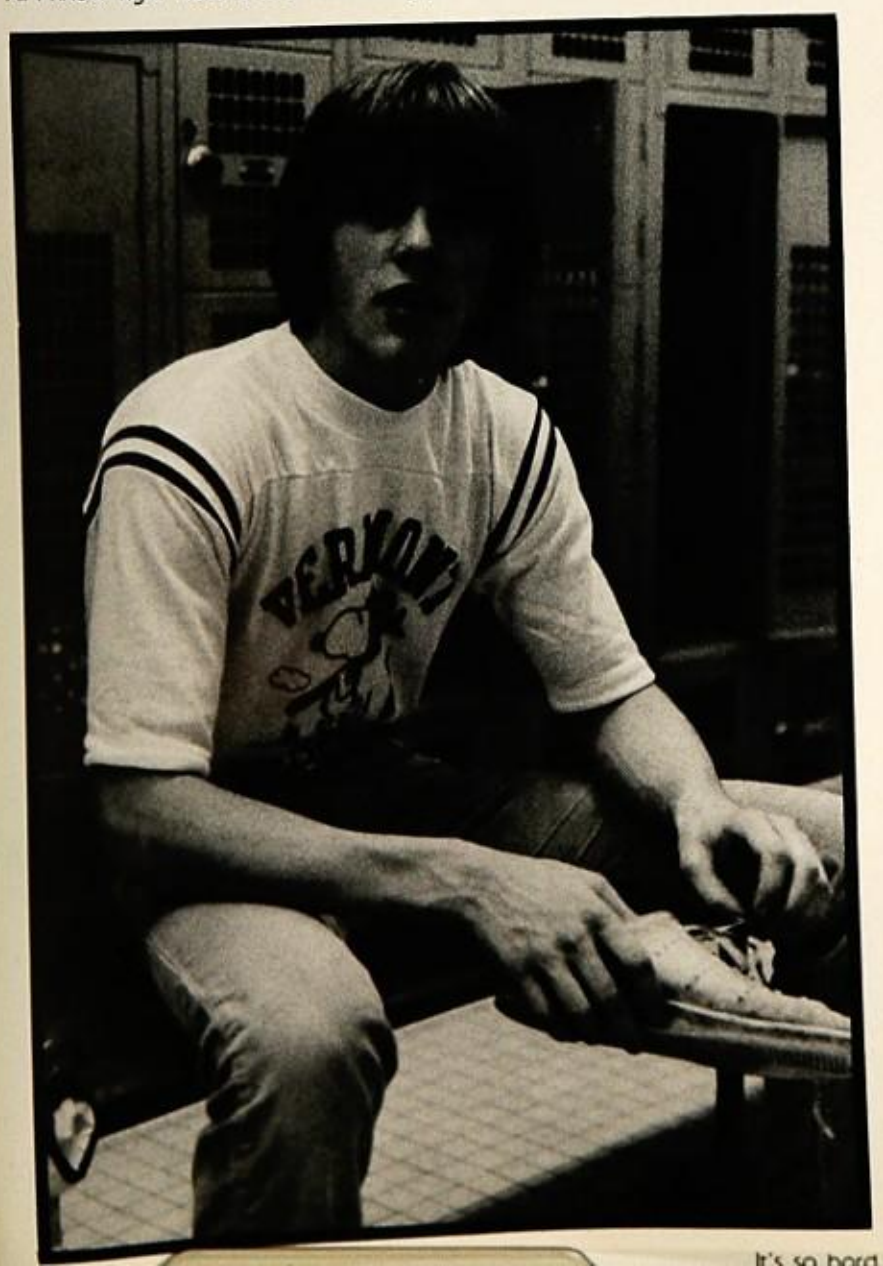


All I know right now is that I'm hungry!

I always wanted to be a bum!

I'm a racer!

I'm gonna be a kissing bandit

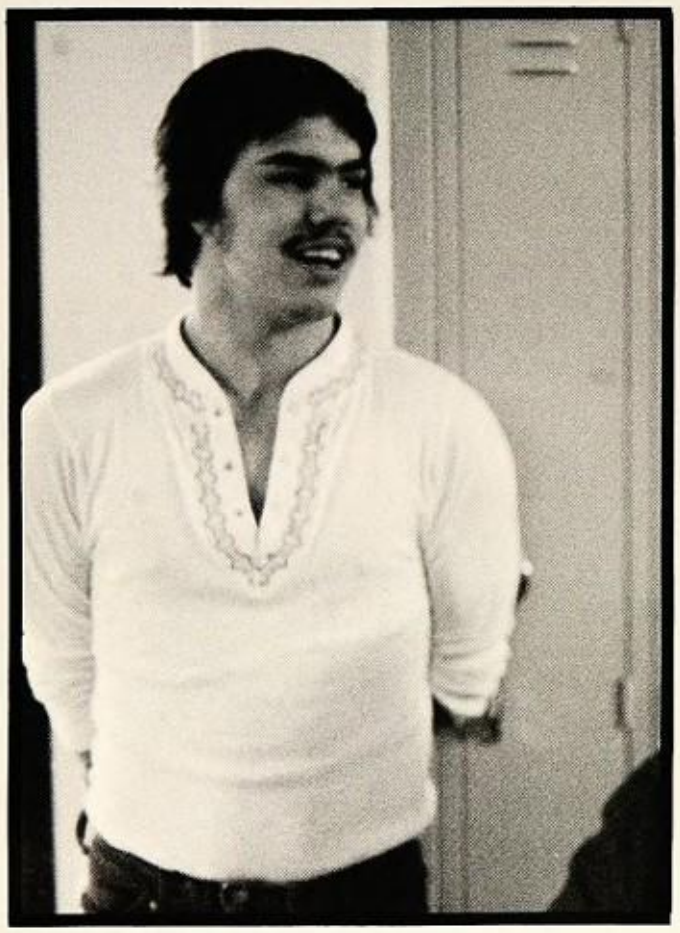


A STAR: Then, there are those who think a star is something to paste on a paper, jacket or sweater, for show or status. Is that a star?

It's so hard to understand

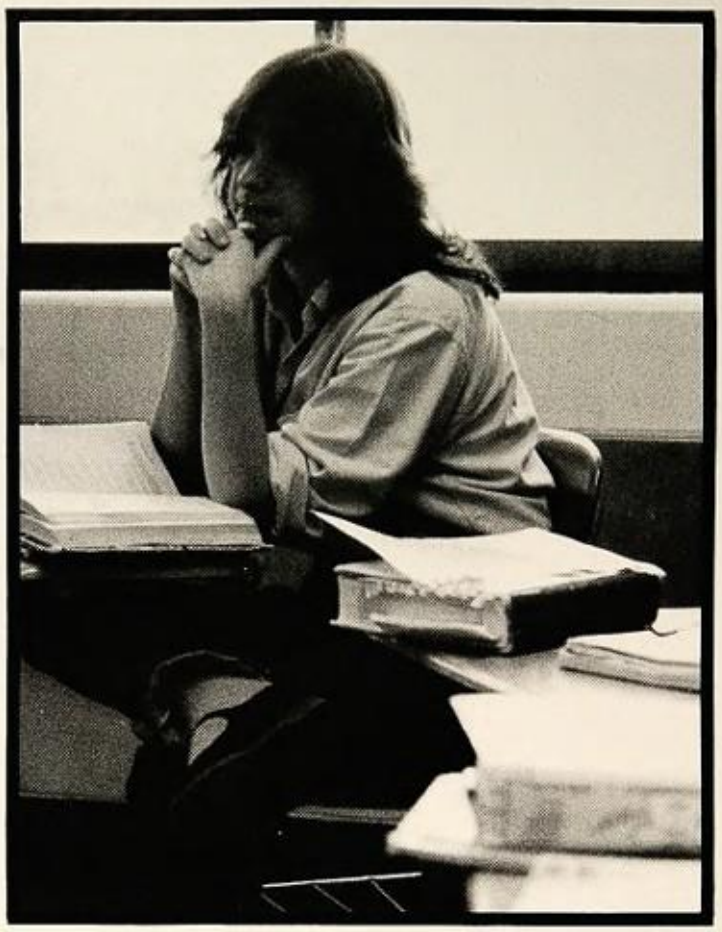
Hello Knowledge . . . We'll Take It With Us

And if we gain more knowledge and intelligence in this span of time, we will have so much the advantage in the world to come.

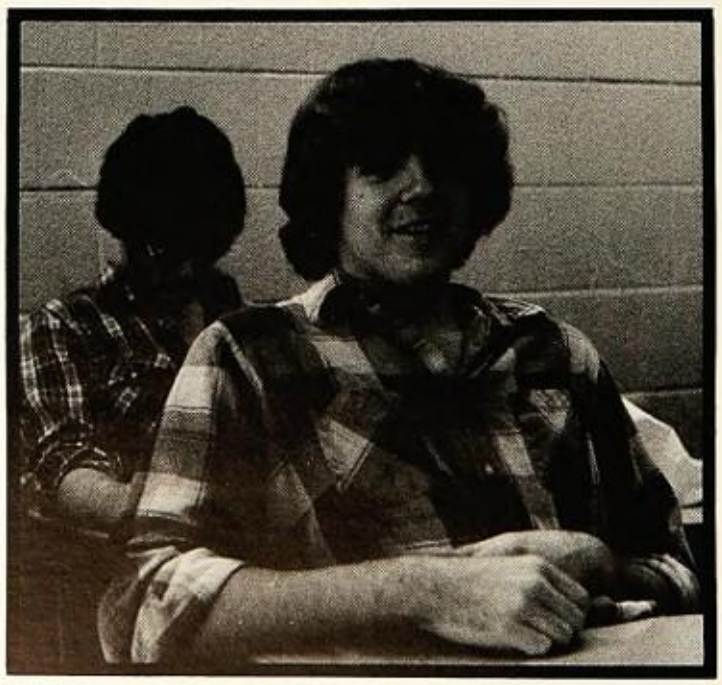


Learning while standing on the corner watching!

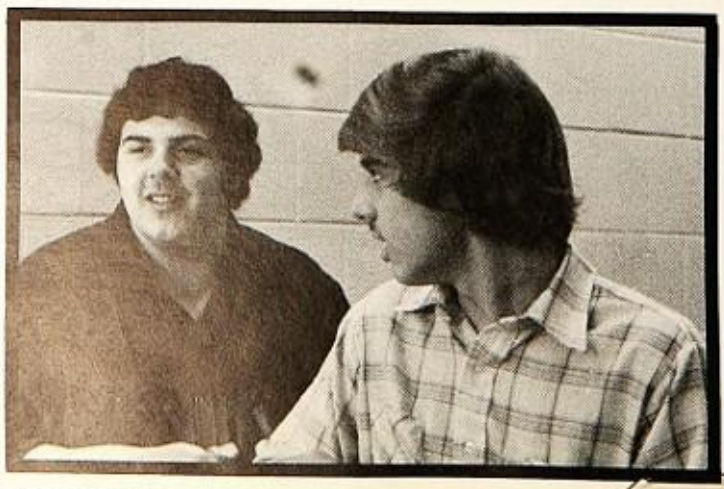
Just listening!



Comprehending



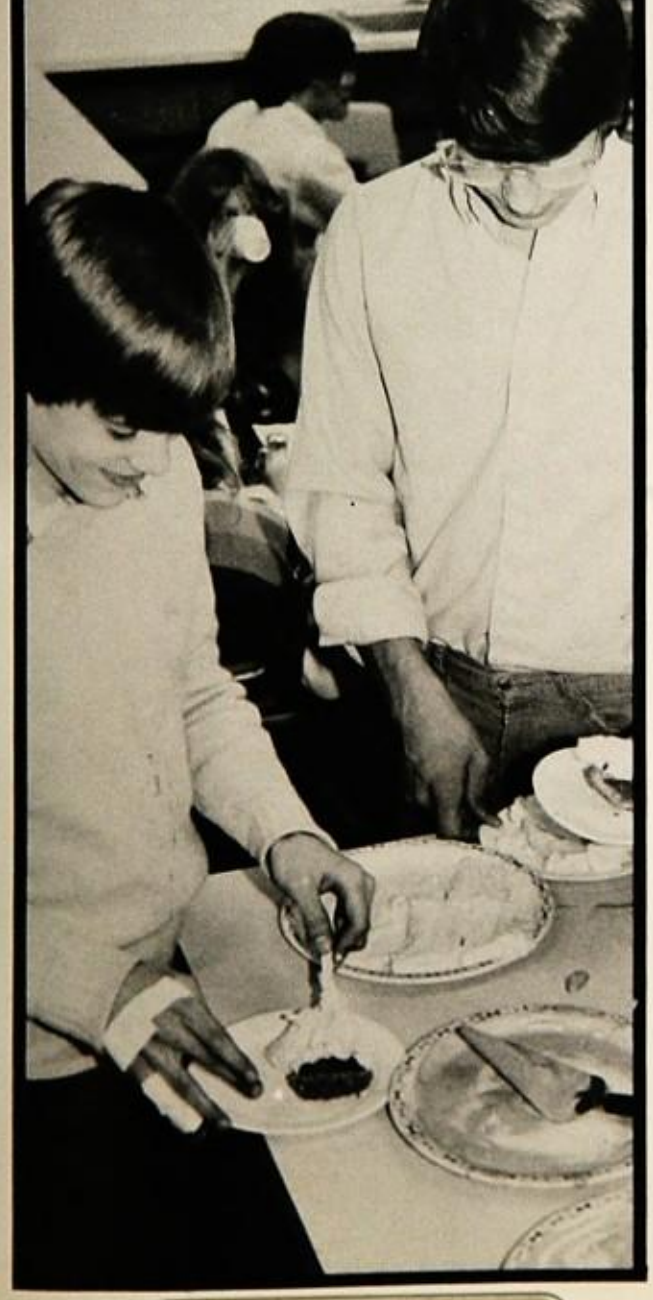
Reading and thinking.

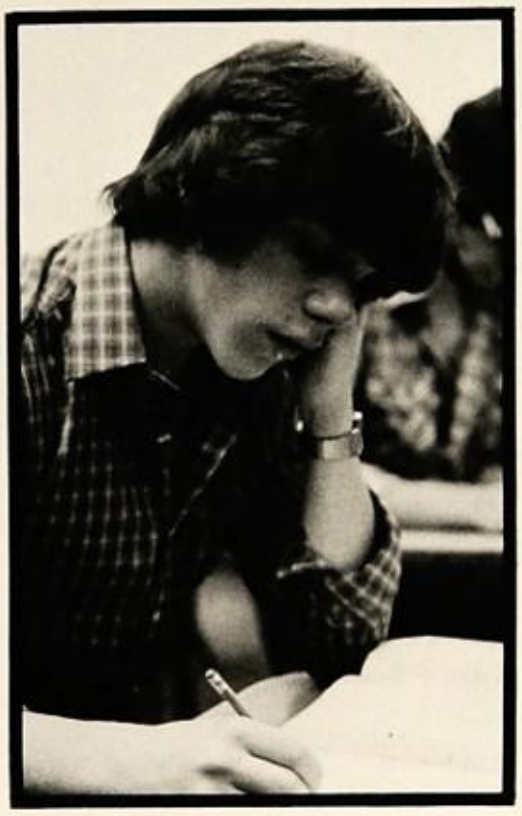


We learned to laugh.

Learn by experience

Learn from reaching

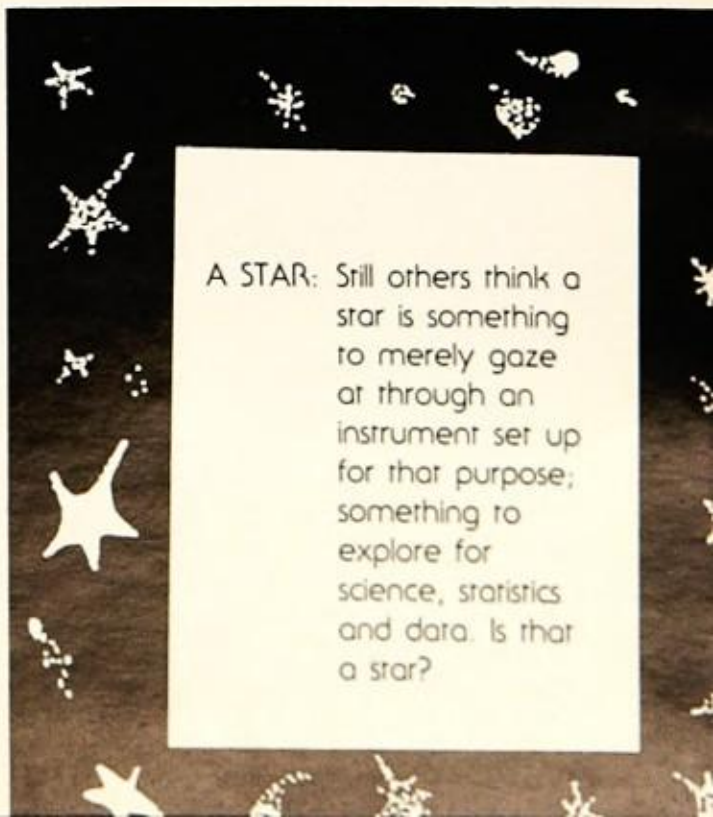




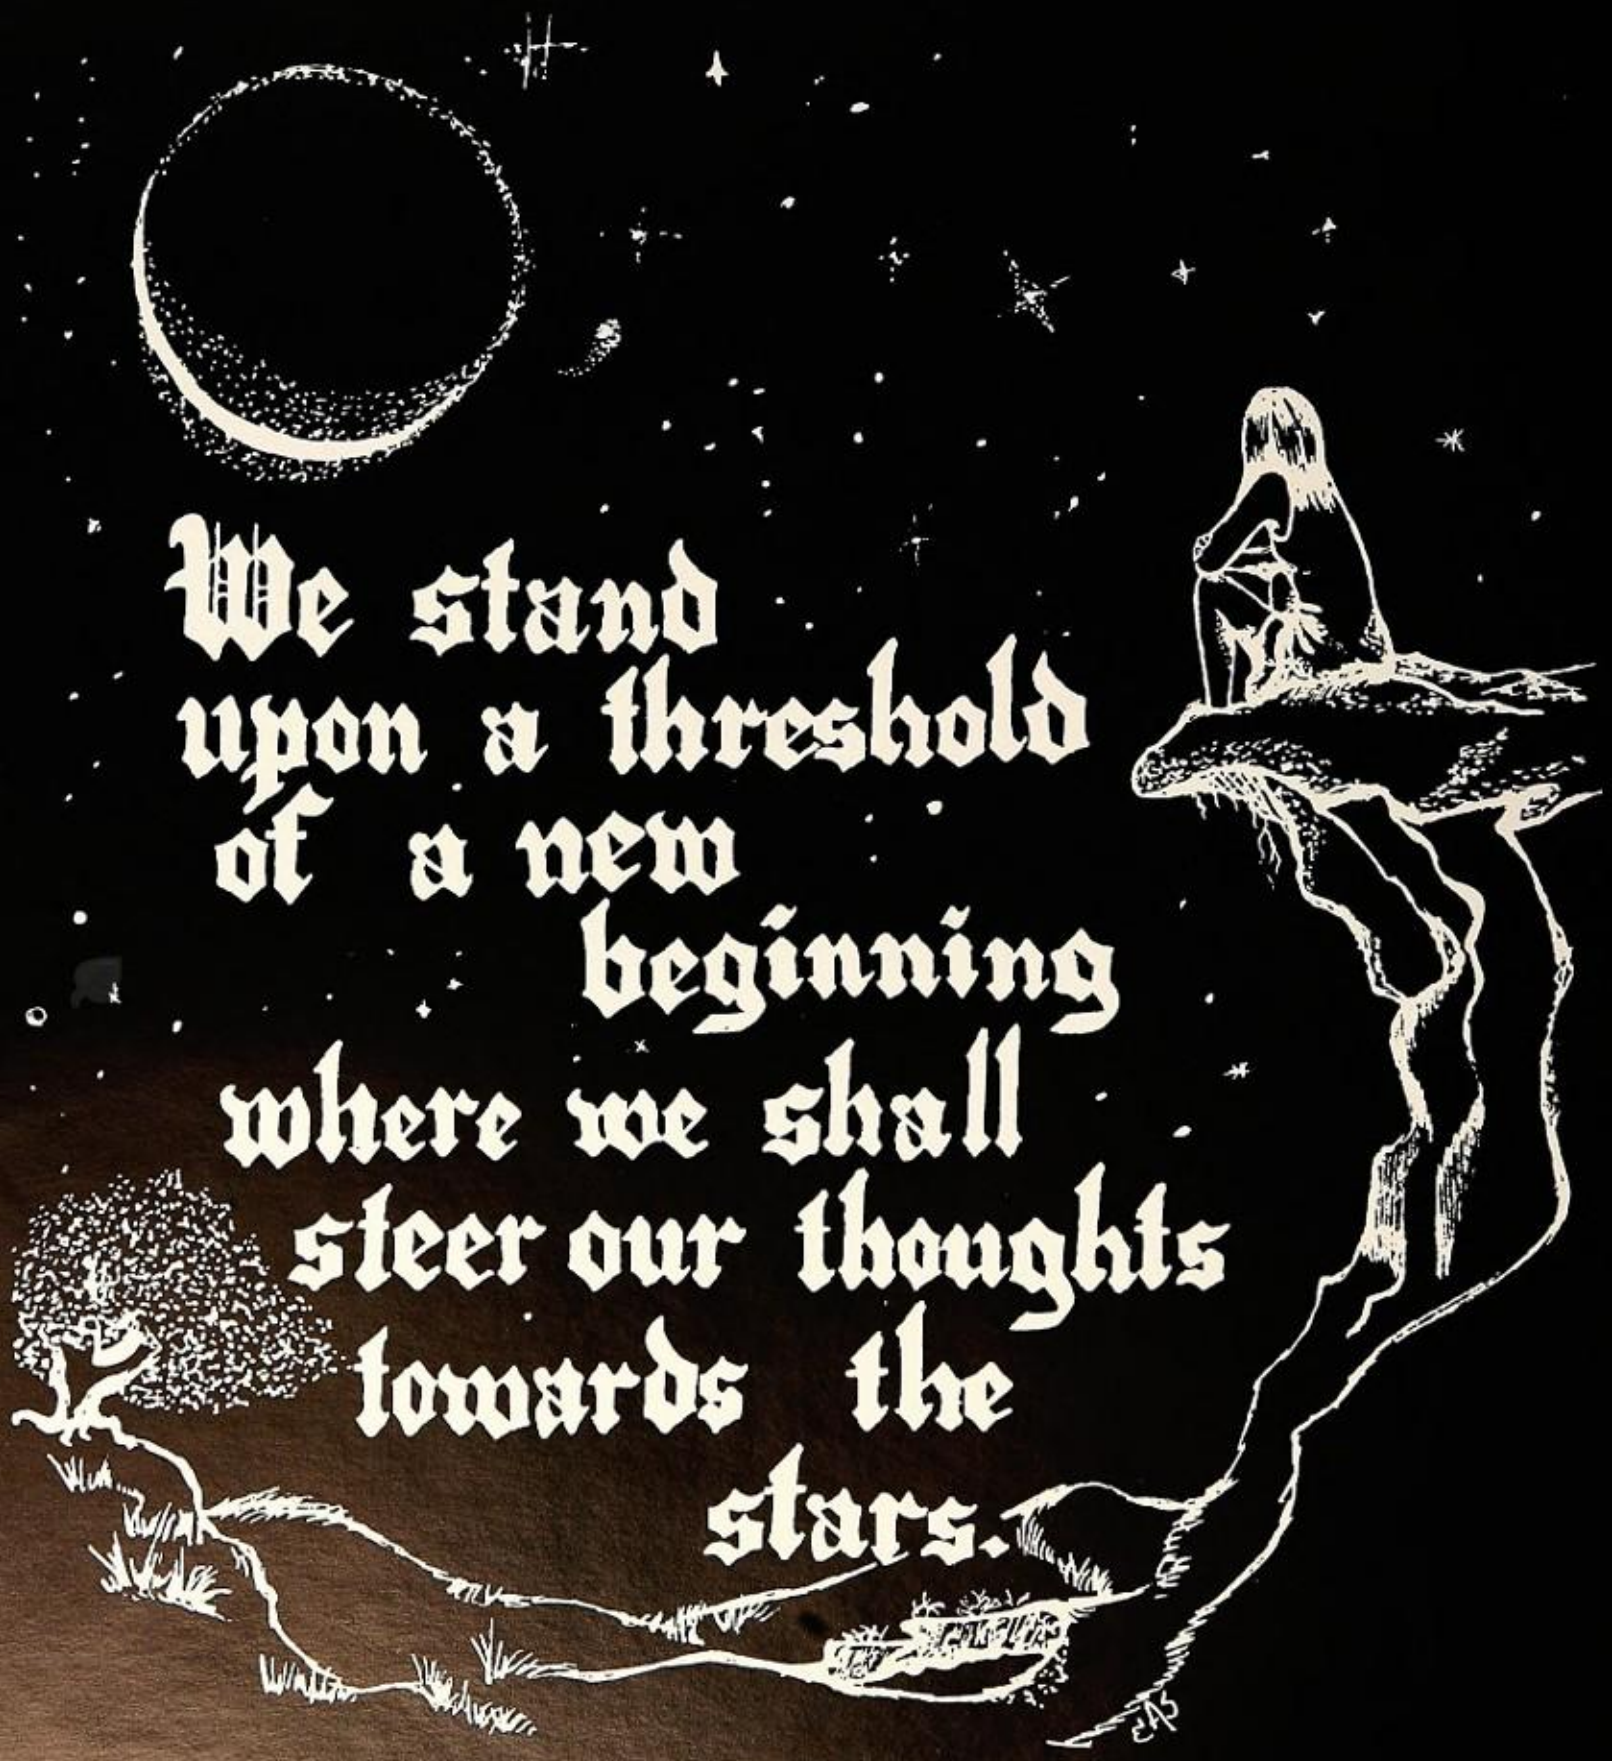
Taking notes

Does learning take place in locker rooms?

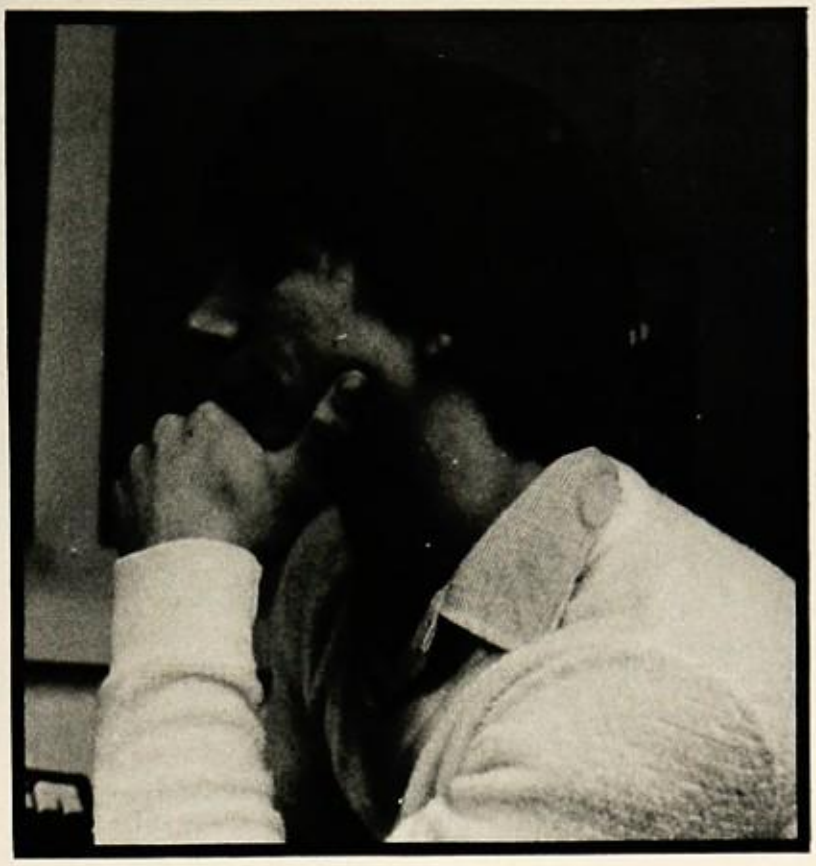
It's so hard to understand!



Hello New Beginning



A fresh new start!

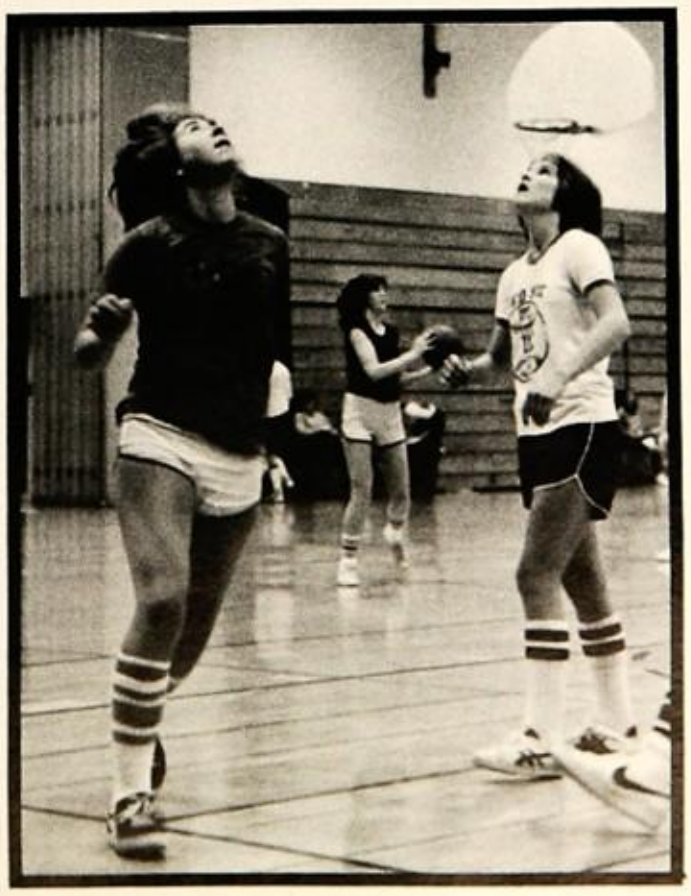


What's a star anyway?

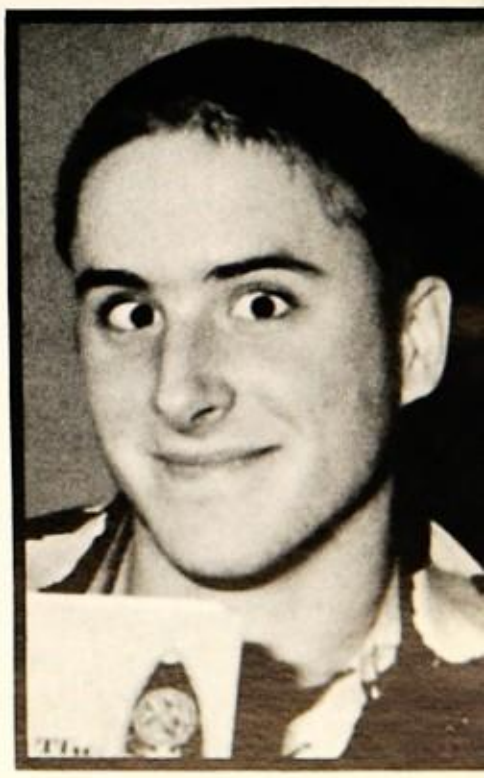
I'm going on to bigger and better things!

What is a star ?...

My Life! Chaprer two ...



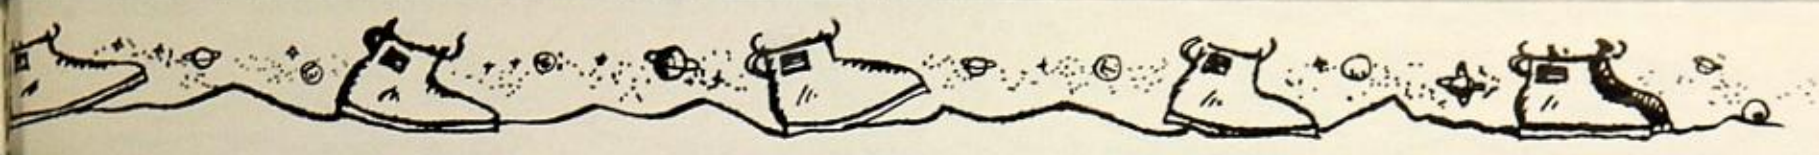
I don't see any stars!



I see stars all the time!

Hello FUTURE . . .

We
have the power to change



A star is something you value
and want to have, something to examine,
to weed out the good and to change what is not.
A star is a worthwhile goal you strive for.
A star is something you can reach.

the world because we are it's future...

Aim For A Star

Aim for a star! Never be satisfied
With a life that is less than the best,
Failure lies only in not having tried -
In keeping the soul suppressed.

Aim for a star! Look up and away,
And follow its beckoning beam.
Make each tomorrow a better today -
And don't be afraid to dream.

Aim for a star! And keep your sights high!
With a heartful of faith within,
With your FEET on the ground, and your
eyes on the sky,
Someday you are bound to win!
